ALONE AND UNKNOWN, DANISH KING DROPS DEAD IN STREET

Frederick VIII, Traveling Incognito, is Stricken Suddenly by Fatal Attack of Apoplexy at Hamburg.

NONE NEAR HIM AWARE OF HIS IDENTITY

Monarch's Absence Alarms Suite and Search Discloses Body in Hospital Where It Had Been Hurriedly Taken.

PROCLAIM CHRISTIAN X NEW KING OF DENMARK.

Copenhagen, May 15.—Christian X was proclaimed king of Denmark on the balcony of the palace at 3 o'clock this afternoon in the presence of a huge concourse of people, who had gathered in the square in front of the royal residence.

Hamburg, Germany, May 15.—King Frederick VIII., of Denmark, died alone, unrecognized and unattended on the street in this city late last night of apoplexy.

The king, traveling incognito, arrived here Monday on his return from a long trip to the south, where he had been convalescing from a serious attack of inflammation of the lungs. With the queen and the royal suite, he took quarters at the Hamburger Hof hotel.

At 10 o'clock last night the king left the hotel unaccompanied, for his usual stroll before retiring. He had gone only a short distance when he was overcome on the street by a sudden attack of apoplexy.

His Identity Unknown.

He fell unconscious to the pavement and died instantly, and not being recognized as a person of so great prominence, his body was rushed to the nearest hospital in an automobile.

When members of the king's suite became alarmed over his failure to return to the hotel after a reasonable time they called in the proprietor and a search was begun. The searchers found his majesty dead at the hospital and brought the body back to the hotel with them.

Seemed Restored to Health.

The king was regarded by his physicians as completely restored to health by his trip to the south. Yesterday he felt particularly well and during the day expressed joy at his expected return to Copenhagen today. He remarked that he felt refreshed and completely restored to health. It was announced this morning that arrangements for taking the body to Denmark would be completed during the day. His majesty's relatives and royalties throughout Europe were notified of his death before daybreak. The flags on all the public buildings here, where the king had repeatedly been a welcome guest, were half-masted today.

King Frederick and Queen Louisa, who had traveled here from Nice under the incognito of the Count and Countess of Kronberg, had their three youngest children, Princess Thyra, Prince Gustav and Princess Dagmar with them.

Strolled Out After Dinner.

King Frederick had been undergoing a course of treatment for arterio-sclerosis, with which he had been troubled for a considerable time. He had also suffered from an attack of inflamation of the lungs, but this had been completely overcome. When he left the Hamburger Hof last night after a hearty dinner the king strolled toward the "Goose market" one of the principal squares in the business section of the city and just around the corner from the hotel.

A few minutes later some pedestrians noticed an elderly gentleman fall to the sidewalk. He was dressed in an ordinary business suit and appeared to be a well to do tradesman. The passersby ran to the spot to assist him, but he was already dead.

A policeman was called, who had the body conveyed in an automobile to the Sailors' hospital. The physicians on duty there examination found that death had been instantaneous.

Unidentified for Hours.

There was nothing on the body which afforded a clew to its identification and it was placed in the mortuary of the hospital. It was only much later in the evening that the royal suits, which had become anxious, owing to the king's absence, heard of the incident that had occurred on the "Goose Market."

As their inquiries in regard to the king's movements had up to then proved fruitless they, together with the proprietor of the hotel, proceeded to the hospital to look at the body there, although they did not suspect that it was that of his majesty. On arrival at the hospital they were confronted by the tragic fact that the dead man was the king. Arrangements were immediately made for the body to be conveyed to the hotel where it was laid out amid masses of flowers.

Sketch of His Life.

Christian Frederick was proclaimed king of Denmark as Frederick VIII., on January 30, 1906, after the death of Christian IX., the aged king, who was head of the crowned heads of Europe, father of King George, of Greece, of the Queen Mother Alexandra, of Great Britain; father of the empress dowager of Russia, and grandfather of King Haakon VII. of Norway.

King Frederick VIII. was born at Copenhagen, June 3, 1843. He was as popular with the people of Denmark as was his father. By the wish of his parents he was brought up with great simplicity. Frederick saw his younger brother and his own son become reigning monarchs of Greece and Norway, respectively, while he himself was still an heir apparent.

King Frederick was noted for his culture and possessed many foreign distinctions. While seldom openly identifying himself with political questions he took an active part in all public movements. He was at one time chancellor of Copenhagen university and head of the Free Masons of Denmark. He was well known as a promoter of philan-

Michigan Democrats in Revolt Against Any Instructions.

VOTE IN CALIFORNIA

Bay City, Mich., May 15.—Efforts to have the Michigan delegates to the national democratic convention at Baltimore instructed for Woodrow Wilson failed in the democratic state convention here today when out of 24 district delegates named in caucus, the Wilson forces secured but seven delegates while 17 were listed as opposed to Wilson on presidential instructions. Although it was predicted that the convention would decide to send an uninstructed delegation of thirty, including six delegates at large to the national convention Champ Clark leaders were active and may before the convention finally adjourns attempt to secure instructions for their candidate.

ROOSEVELT WINS CALIFORNIA.

San Francisco, May 15.—Returns today from yesterday's state presidential preference primary are useful only to determine the exact pluralities rolled up by Theodore Roosevelt and Champ Clark over their respective opponents on the republican and democratic nominations. Roosevelt's plurality is estimated at between 60,000 and 65,000 over Taft and La Follette; Champ Clark leads Woodrow Wilson by probably 20,000.

Roosevelt probably carried every county. Even San Francisco, where a determined effort was made by the Taft managers to make a good showing for their candidate, favored the colonel by a plurality of 3,427. Senator La Follette carried San Diego county only.

Champ Clark's victory over Woodrow Wilson was sufficiently sweeping to justify the pre-election claims of his campaign managers. He also probably carried every county.

The twenty-six delegates won by Roosevelt and Clark yesterday are pledged to give their respective candidates their support.

Richeson Passes Restless Night Behind State Prison Doors.

REPORTS NOT ALL IN

Boston, May 15.—Clarence V. T. Richeson, the confessed poisoner of Avis Linnell, passed his first night in the death house of the state prison at Charlestown tossing and turning on his cot and ate very little breakfast.

Many persons morbidly inclined have applied for permission to inspect the death house, evidently in the hope they might be enabled to get a glimpse of Richeson.

At 10 o'clock Gov. Foss had not received the reports of Drs. Stedwan, Tuttle and Frost, the alienists whom he appointed to examine Richeson as to his sanity, nor had the governor been informed as to when the reports will be ready.

It is not expected Richeson will be summoned to the death chair before May 21. There is still time for atcion by the executive council that may result in a commutation of sentence.

Make-Up of Fostoria Committee Causes Colonel to Smile Broadly.

ASSAILS THE BOSSES

Fostoria, Ohio, May 15.—The public square in Fremont was filled with a throng which cheered Colonel Roosevelt in the course of his tour today enthusiastically. Fostoria gave him a similar reception. Colonel Roosevelt held mainly to the themes upon which he spoke yesterday, assailing boss rule and proclaiming the right of the people to rule.

The colonel smiled broadly when he was presented to the reception committee in Fostoria. The committee consisted of a clergyman, a physician, a life insurance man and an undertaker.

"The powers of privilege in the democratic party are helping our opponents in every way," said Colonel Roosevelt in a speech at Norwalk today. "In New York and Massachusetts the great democratic papers which represent the reactionary, standpat democratic element, the papers that helped Parker in 1904, are practically all the organs for Mr. Taft. They are democratic only nominally. They do the bidding of Wall street with the democratic leaders in congress. They are working in every way to prevent my nomination, partly because they are afraid I will win if

MASKED BANDITS GET $50,000 TO $150,000

Two Hold Up Queen & Crescent Train Near Hattiesburg, Miss., Blow Express Safe and Escape Safely.

HOLD TRAINMEN AT POINT OF PISTOLS

Hattiesburg, Miss., May 15.—A rich haul was made by two masked bandits who early today held up the Queen & Crescent New York limited train near Okahola, a flag station, eight miles south of Hattiesburg, and blew open the safe in the Southern express car. The sum the robbers obtained is variously estimated at from $50,000 to $150,000.

However, express officials deny that the sum obtained aggregated the latter figure. The bandits made their escape. Early today Sheriff Bennett and a posse started in pursuit. Bloodhounds led the way.

Carried Rich Treasure.

The safe in the express car was secured by a time signal lock when the train left New Orleans last night and there was a guard in the car in addition to the regular messenger. It is said that in the rifled car there was one package of money representing the payroll of the Alabama and Vicksburg railroad at Meridian and about twenty-five packages of cash representing the remittances of agents of the Southern Express company at points along the Vicksburg, Shreveport and Pacific railroad. In addition to these there were two or more sacks of silver containing $1,000 each, other packages of currency and several packages of jewelry, valuable stock certificates and bonds.

With Drawn Revolvers.

When the train was passing the flag station, Okahola, two masked bandits climbed over the tender and with drawn revolvers called out to Engineer Maher and his fireman, "Obey orders."

No resistance was offered and after the train had rounded the curve above Okalhola the engineer was commanded to stop. He complied promptly. With guns pointed at their heads, the engineer and fireman were marched back to the express car. Maher was ordered to call the express messenger. The engineer called out and when the messenger, D. A. Gray, of Chattanooga, opened the door of his car he looked into the muzzle of a pistol. He did not hesitate to obey the order to alight. The trainmen were lined up along side the train and leaving them in charge of his partner, the commanding bandit jumped into the express car and began work on the large express safe.

After applying a charge of nitroglycerine he got down and awaited the explosion. It was ineffective and successively five other charges of the high explosive were set off before the bandit accomplished his purpose.

Sixth Charge Effective.

The sixth charge blew off the safe door and scattered silver coin and packages of currency and other valuables in every direction. Except about $300 in silver and $700 in currency found after the train reached here, everything in sight was hurriedly placed in a sack and the two men lacked off into the darkness with their revolvers leveled at the train crew. After walking backward for about 100 yards, the men

TWO DESIGNATED FOR RETIREMENT

Bishops Moore and Warren Selected by Methodist Committee.

KEEN DEBATE COMING

Minneapolis, May 15.—The episcopacy committee of the Methodist Episcopal church today advocated the retirement of Bishops H. W. Warren and D. H. Moore. The committee failed to recommend in the case of Bishop Thomas B. Neeley, but advocated a secret ballot of the entire conference upon the retirement of the three bishops.

What is expected by the delegates to be one of the keenest debates of the general conference is scheduled for tomorrow when the report of the committee on the amusement question will be a special order of business. The majority report favoring a continued strict rule against certain amusements was to have come up for discussion today, but was postponed until Thursday.

Chancellor Day, of Syracuse university, who in the committee declared his belief that the Wesley doctrine of "individual conscience" should be restored, has served notice that a minority report will be presented.

If the conference adopts the report of the committee on temperance and prohibition, the church temperance society will receive $50,000 for expenses during the coming quadrennium.

President Taft Answers Question Regarding Steel and Harvester Trusts in Speech at Newark.

Newark, Ohio, May 15.—When President Taft, here in his third speech of the day came to a discussion of the prosecution of the steel and harvester trusts a man in the crowd yelled:

"Well, what are you going to do about them?"

"I'm going to break them up," replied the president.

"Mr. Perkins has attacked me on the ground that these are fake prosecutions and you would think trusts like nothing better, that it was a kind of soothing syrup to have a suit of that kind brought against them, but he was not so anxious to have it brought by the last administration.

"He is fighting me and he is contributing largely to the other side. My friends, you would think from what Theodore Roosevelt says that if he is elected and we have four years or 16 years more of him or a life time, we are going to have no bosses. Well, the only guide we have is the lamp of experience—Theodore Roosevelt was in office for seven years. Do you remember how many bosses he shot with his elephant gun while he was president? Didn't they thrive like green bay trees?"

Voice Husky; Looks Tired.

With his voice husky and looking tired President Taft began his third day's campaign in Ohio at Roseville. The president was up at 6:30 and made his speech at Roseville at 7 o'clock to several hundred persons. His huskiness was marked at the beginning of the speech but as he was warmed up to his subject it was less noticeable and his physician, Major Thomas L. Rhoades, was confident Mr. Taft will be able to get through handily and will be in fine shape to take up the campaign after his scheduled twelve hours rest at Cleveland tomorrow. Mr. Taft's physical condition, Major Rhoades said, is practically as good as it was when he left Washington last Sunday and

Terre Haute Man Clasps Wife About Neck and Fires Pistol.

ENDS OWN LIFE NEXT

Terre Haute, Ind., May 15.—Holding his wife, Matilda, 42 years old, to him with his arm around her neck, Charles Myles, 52 years old, a teamster, pressed a revolver against her heart and fired, killing her instantly early this morning.

As the woman fell from his arms, Myles turned the gun on himself, inflicting wounds in his lungs and head from which he died an hour later.

Three small grandchildren of the dead witnessed the tragedy and the mother fell at the feet of her married daughter. The father fell with his head in the arms of the woman he had slain.

The tragedy ended the third attempt of Myles to kill his wife because she had refused to live with him following their ejectment from their home a few days ago. She left him when he failed to provide for her and went to live with a daughter, at whose home the shooting took place.

Protecting Her Millinery

THE Dudlo Manufacturing company, makers of insulated wire for electrical uses, has among its force of employes at its factory on Wall street a number of young ladies.

It appears that one of these, Miss X, is the proud possessor of a new hat of exquisite form, color and artistic finish—in fact, it not only meets the entire approval of the wearer but of her companions as well. This is unusual. Naturally, she guards it against harm of every kind—and everybody knows how easy it is to harm a new hat with its dainty materials and delicate colorings. That's the only way a man can express the thought that you simply can't soak such a hat in a rainstorm without expecting to get soaked yourself for the price of a new one.

Well, then, on the very day that Miss X secured this dainty creation from the hands of the milliner it was raining—not a very hard rain, but just enough to cause apprehension lest the fixin's droop and the colors run. So, very naturally, she attempted to protect herself against any such calamity by the careful use of her umbrella. She was going south on Calhoun street and at the corner of Wayne stepped into the White Fruit House. She passed down the aisle and went to the elevator, where she rang the bell to summon the lifting apparatus, and all the time her thoughts were on that new hat and she wondered if the dampness had harmed it or would harm

it when she went out again. Then the elevator came down after her. As the door opened and the elevator man looked at her with a grin, he said:

"I spec's you'd better put down your umbrella, miss."

And really it was necessary to do so the elevator door was so very, very narrow.

Purpose in Consulting Mr. Osborn on Garbage Problem.

EVERYBODY INVITED.

The purpose which caused the Commercial club to appoint a committee to investigate the garbage question in other cities was to start a movement for a correct solution of the problem in Fort Wayne. That purpose is still uppermost in the bringing to this city of Irwin S. Osborn, engineer in charge of the municipal reduction plant at Columbus. Mr. Osborn is an authority second to none on the question of city waste disposal and in the Columbus garbage reduction plant, of which he is designer and constructing engineer, there is seen the highest development of economical garbage disposal.

Engineer Osborn will speak at the Commercial club tomorrow night, giving an illustrated talk on the subject of garbage disposal and the general problem of caring for city waste. Special stress has been placed on the effort to get the women of Fort Wayne to attend this lecture and the Commercial club hopes to have a large percentage of its audience made up of ladies. It has been impossible to issue personal invitations all round, but the public is urged to understand that this meeting is a public meeting and that everybody is invited. Men are asked to bring their wives and everybody is appointed a committee of one to bring somebody else to the meeting.

I am nominated and partly because they do not like my style anyhow."

Began Work Early.

The day's work began early for Col. Roosevelt; he was up at 6 o'clock and made his first speech at Elyria at 6:40. At that hour there was a crowd of several hundred persons at the station. A few minutes later Col. Roosevelt spoke to several hundred students at Oberlin college, although no stop was scheduled for Oberlin. Col. Roosevelt's Norwalk speech was delivered at 7:30 to a large crowd. From Norwalk he started for Sandusky.

When the special pulled into Norwalk the platform running an entire block, was densely packed. No sooner did the colonel doff his hat than a voice rang out, "What's the matter with California?"

"California is all right," replied Roosevelt, with that characteristic toss of his head.

"What's the matter with Ohio?" shouted a native son.

"Ohio is going to be all right," quickly replied the colonel.

"I intend to take nothing that is not mine," said Col. Roosevelt today, "but if anybody tries to take what is mine, there will be a lively time."

Col. Roosevelt made this remark in his speech at Bellevue that he was content with the verdict of the people, but if the people were for him he would not submit to being cheated out of that support. The square near the railroad station was filled with a crowd of several thousand persons when Col. Roosevelt arrived. Several veterans from the state home for old soldiers were present and Col. Roosevelt spoke to them of the principles of Lincoln and their application to present conditions.

DIES IN LEAVING TRAIN AT DEPOT

John C. Woodruff Had Just Reached Home from Florida.

60 YEARS A MASON

John C. Woodruff, aged 83 years, who had made his home in Fort Wayne with his son-in-law, Ed C. Miller, for the past five years, died at 2:15 o'clock this morning as he was being removed from the G. R. & I. train to the Pennsylvania depot. Mr. Woodruff, with his wife, had been in Florida several weeks for the benefit of his health. Enroute home his condition became worse and upon reaching Fort Wayne it was necessary for him to be carried from the train. He died before reaching the depot.

Mr. Woodruff was born in New York and after learning the contracting business located at Creston, Ia., where he lived for many years and was known as one of the best stone contractors in the middle west. He settled in Iowa when the state was undeveloped and enjoyed a prosperous business until he retired five years ago.

He had been a member of the Masonic fraternity for sixty years, having become affiliated with the organization in New York city in 1852. Last autumn his demit was transferred to Summit City lodge, F. & A. M., of Fort Wayne. Surviving besides the wife are two daughters and a son—Mrs. Clara Yard, of Omaha; Mrs. E. C. Miller, of Fort Wayne, and John C. Woodruff, of Glencoe, Ia.

Arrangements for the funeral will not be made until the children in the west are heard from.

MILLER.

Mrs. Catherine Miller, aged 69 years, died late Tuesday night at her home, 2811 Jane street. Death was due to complications.

Mrs. Miller was born in Allen county, January 11, 1843. In 1880 she was married to Samuel Miller and the couple located on a farm in Wells county, where they lived until 1901, when they moved to Fort Wayne. Mrs. Miller was a member of the Bethel Evangelical church. Surviving besides the husband are two sisters, Mrs. Sarah J. Ball, of Magley, Ind., and Mrs. Barvia Heckler, of Fort Wayne.

Funeral services Friday afternoon at 2 o'clock from the Bethel Evangelical church, Rev. C. E. Boyer, officiating.

KIMMELL.

David Kimmell, aged 85 years, of Pleasant township, died at 5 o'clock Tuesday evening from complications due to infirmities of age.

Surviving he leaves six children—Mrs. Jacob Feightner, of Huntington; Mrs. Hernton, of Nebraska; Nathaniel and Jacob Kimmell, of Fort Wayne; John Kimmell, of Iowa, and Robert Kimmell, at home. There are also two brothers and one sister—Jacob, of Pleasant township; John, of Wayne township, and Mrs. Harritt Ewert, of Marco, Ind.

FUNERAL NOTICES.

North.—Funeral services for David V. North Thursday afternoon at 1 o'clock from the residence, 420 West Third street, Rev. T. M. Hill officiating. Interment will be made at Eel River cemetery. The board of public safety has granted permission to Chief Henry Hilbrecht to allow as many firemen as can be spared from the eight engine houses of the city to attend the funeral.

dashed off. It is believed they fled on horses which had been left in charge of a third robber. It is presumed the robbers are those who held up a Mobile and Ohio train near Corinth in February. None of the passengers were molested.

Bloodhounds after taking up the trail of the robbers succeeded in following it for only a short distance north of Okay hola at the junction of the New Orleans and Northeastern railroad and a small logging road. A freight train stopped at the junction soon after the passenger train had proceeded and it is believed the robbers boarded the freight.

OFFICIALS WILL NOT TELL.

New Orleans, La., May 15.—Southern Express company officials here today declined to vouchsafe any information as to the amount of money secured by robbers, who early today held up a Queen and Crescent flyer south of Hattiesburg and dynamited the express car.

It was denied, however, that the robbers obtained a sum approximating $140,000, the loss first reported.

New Albany, Ind., May 15.—Joseph Poore, who was in jail awaiting trial on a charge of assaulting, with intent to kill, Mrs. Maggie Ward, was married today in the county jail to Mrs. Lucy Spencer, mother of Mrs. Ward, by Justice Thomas E. Fogle. After the ceremony the case against Poore was dismissed, the prosecuting witness refusing to appear against her new stepfather. The license was obtained by the prospective bride. The license was refused by County Clerk Ruoff until the bridegroom was released from jail, but the woman insisted on the ceremony being performed without delay and the license was granted her.

DARROW ON TRIAL AT LOS ANGELES

Famous Lawyer Charged With Bribery Attempt in McNamara Case.

INNOCENT, HE SAYS

Los Angeles, Cal., May 15.—Clarence S. Darrow, chief counsel for the McNamara brothers in the dynamiting case, and one of the most widely known criminal lawyers in the United States was placed on trial before Judge George Hutton in the superior court today under an indictment charging him with having attempted to bribe a juror in the McNamara trial.

Darrow said he was ready for trial and that he was innocent of any wrong doing. He is being defended by Earl Rogers, former Judge Cyrus McNutt, of Indiana; Will Adamson and by himself. The prosecution is in charge of District Attorney John D. Fredericks, who conducted the McNamara prosecution. Mr. Fredericks said today:

"The evidence against Darrow is as strong as it was against the McNamaras."

Among the witnesses to be called, attorneys for the prosecution declared, would be Mrs. Ortie E. McManigal, wife of the star witness in the McNamara case, provided she was willing to come from Chicago. It was agreed by both sides, however, that Mrs. McManigal could not be compelled to come here and testify.

Other witnesses to be called includes Bert H. Franklin, formerly chief investigator for Darrow, and who recently was fined $4,000 for having attempted to bribe one of the McNamara jurors. At his trial, Franklin testified that Darrow directed him to bribe the jurors and gave him the money to do it. To corroborate Franklin's testimony, it was stated the state would introduce evidence secured through the use of a telephonic device placed in Darrow's room.

Detective Guy Biddinger, of Chicago, who, the prosecution declared, was offered a bribe by Darrow to make reports on the prosecution's work, and John R. Harrington, an attorney formerly on the McNamara's defense to whom, the state declared, Darrow admitted his guilt, also will be called for the prosecution.

the only fear at present was that his voice might not stand the hard work of a dozen to fifteen speeches each day.

Expects to Lose "Indicted" Vote.

Mr. Taft told his Roseville audience that he pointed with patriotic pride to the record of trust prosecutions by his administration.

He told about the administration's prosecution of the trusts and then he said he is feeling the effects of these prosecutions in his campaign. "It is difficult to arouse any enthusiasm for your candidacy among people who are being prosecuted," he said. "Many of these gentlemen are very angry. There's Mr. Dan Hanna, of Cleveland, who was indicted for rebating. It has made him very angry and very active against me, and he thinks that I am no patriot and no good candidate for another term.

"But the unindicted are in the majority, and if they will stand by me I can afford to lose the indicted vote."

His scheduled stops today included Newark, Mount Vernon, Mansfield, Marion, Bucyrus, Norwalk, Oberlin, Elyria and a night meeting at Sandusky.

"When I was a candidate four years ago," said Mr. Taft, "Mr. Roosevelt commended me in language so flattering that I could not read what he said without blushing and I cannot now. Either he has changed or I have changed since then, and I think I have seen evidence that it is he. Certainly he has changed in respect to the third term.

The Two Roosevelts.

"I appeal from the Roosevelt of today to the Roosevelt of 1904, who held that only two terms were enough. But the Roosevelt who was not seeking office is not the Roosevelt who is chasing around the country after one."

President Taft's speech was like his first one at Roseville in which he discussed, among other things, the enforcement of his administration of the anti-trust laws.

"I enforced that law as I swore I would when I took my oath to support the constitution," said the president.

As he was leaving the platform on the public square a little boy of three or four was held up by his father to shake the president's hand. "My name is William," the tot lisped. "So is mine," said Mr. Taft, with a smile.

As he stepped down into the crowd a man with tears in his eyes reached out and grasped the president's hand. "You pardoned me out of the penitentiary and I was innocent," he said.

CONSERVATIVES ON THEIR GUARD

Will Fight Effort to Commit Socialists to Industrial Unit.

OTHERS DEMAND IT

Indianapolis, Ind., May 15.—"Conservative" delegates to the socialist national convention were prepared today to oppose an effort, in the report of the committee on constitution, to commit the party to an endorsement of the "industrial unit" form of labor organizations.

The endorsement is sought by the Industrial Workers of the World, headed by Wm. D. Haywood, and delegates in sympathy with the "direct action" campaign of the Industrial Workers declared they would demand socialist endorsement of revolution for possesion of the means of production, either upon the report of the constitution committee expected today or upon the reports of the platform and resolutions committees, which are to be submitted before the nomination of candidates for president and vice president Friday afternoon.

Further appeal from the socialists' organizations in San Diego, Cal., for funds with which to prosecute their "free speech" campaign was received by the national convention today. The delegates voted to refer the matter to the executive committee which was instructed to report to the convention late today.

CHILDREN SEE MOTHER SLAIN

(Continued from Page 1.)

Alfree, a wealthy resident of this city, who recently gave $20,000 conditionally to the Y. M. C. A. toward a new building and then withdrew it, today announced that he would make the gift "without any strings attached." It was said the Y. M. C. A. refused to meet Mr. Alfree's condition. It is now proposed to wage a campaign to regain the $40,000 that had been subscribed for the new building.

DIES AT AGE OF 109.

Was Too Old for Service at Lincoln's First Call for Troops.

Rensselaer, Ind., May 15.—Samuel Boyd, for the last ten years an inmate of the county infirmary, is dead here at the age of 109 years. Boyd tried to enlist when Lincoln made his first call for troops, but was not accepted on account of his age.

At one time he owned a small farm, but signed notes of persons who won his confidence and finally lost his farm. The day before he died he called the county infirmary superintendent to his bedside and told him of five different places where he had money concealed. The superintendent went to each place and found small bags containing coin, which aggregated $33.27. The old man asked that it be used to bury him, as he had a dread of being buried at the county's expense.

GATHER AT LOUISVILLE.

Louisville, Ky., May 15.—The advance guard of the 124th general assembly of the Presbyterian church in the United States of America, which is the title of the northern division of the denomination, has reached Louisville 12,000 strong. Sessions of the assembly which will continue throughout the month will begin tomorrow morning and the interim will be given over to meetings of the various boards and standing committees of the church.

SENATOR PENROSE HURT.

Washington, May 15.—Senator Penrose, of Pennsylvania, republican leader of the senate, while riding in Rock Creek park today was thrown violently to the ground when his horse stumbled. His arms and shoulders were bruised, but there were no serious hurts.

The Laurel club will meet tomorrow afternoon with Mrs. William Reiss, of Fairfield avenue.

THE WEATHER.

LOCAL FORECAST.

Fort Wayne, Ind., May 15.—For Fort Wayne and vicinity: Showers tonight; Thursday, fair.

GENERAL FORECAST.

Washington, May 15.—For Indiana: Showers this afternoon or tonight; Thursday, fair.

For Ohio: Showers tonight or Thursday.

For Lower Michigan: Showers tonight; Thursday, generally fair.

Summary of Weather Conditions.

An area of low pressure which was central in the British Northwest yesterday morning has moved rapidly southeastward, with increased energy, and is central as a well marked storm this morning over eastern Iowa; it is giving general rains over the upper Mississippi valley and the western lake region, and fair weather prevails over most districts west of the Mississippi. The storm is being preceded by warmer weather from the lake region and Ohio valley to the Atlantic coast states, and no frosts are reported this morning except from portions of the Dakotas and the Rocky mountain region.

NEW PASTOR AT SALEM CHURCH

Rev. Ph. Vollmer, of Dayton, Accepts Call to Fort Wayne.

PLAN A RECEPTION

Rev. Philip Vollmer, of Dayton, Ohio, has been called to and accepted the pastorate of the Salem Reformed church and on Friday evening of this week at the church the congregation will tender him a public reception, the arrangements for which are in charge of the young people's society of the church.

The program, aside from the social features, include brief addresses by Mr. Henry Koepf and Revs. A. K. Zartman, B. Ruf. Ph. Ruhl and Frank Ruf, of this city, and Rev. C. Baum, D. D., of Lima, Ohio.

Rev. Mr. Vollmer is a young man recently graduating from the Reformed seminary at Dayton, and this is his first pastoral charge. He preached last Sunday, morning and evening, at the church here with the result that the congregation extended him a call, which he accepted, entering immediately upon his pastoral duties.

FRIENDS RETURN HOME.

Many Here from Distance for Funeral of the Late W. E. Davis.

The following out of town friends have returned to their homes after having attended the funeral service for Wilbur E. Davis, which was held Tuesday afternoon: Mr. and Mrs. Gus Davis and Miss Harriet Davis, of Crestline, O.; Mr. Loren Davis, of Galion, O.; Mrs. M. T. Love, of Shelby, O.; Judge E. A. Mansfield and wife, of Mansfield, O.; Mr. Harry Parker, Miss Maude Parker and Mrs. Thomas Stacey, of Evanston, Ill.; Mr. and Mrs. Charles Watton and Mr. Charles W. Gross, of Chicago; Mr. and Mrs. Treeman, of Cleveland, O., and Mr. John Aiken, of Chicago.

BOARD WILL NOT OBJECT.

Policemen to Ask Increase in Salary When Appropriations Are Made.

Members of the board of public safety have signified their willingness to permit the police officers to ask for increased pay when the appropriations for next year are made.

The men secured the permission of the chief who in turn put the matter before the board. The proposed scale is $140 a month for the chief, $120 for the captain, $105 for the lieutenant, $100 for detective and regular sergeants, $80 for first year patrolmen, $85 for second year and $90 for three or more.

MEET WEEK OF MAY 20.

Wabash Officials Have Been Notified That City Will Be Ready.

C. O. Cunningham, chief engineer of the Wabash Railroad company, has been notified by the board of public works that it will be ready to take up any time after May 20 the question of establishing a permanent grade through the city for track elevation and putting in false work at several of the streets.

The matter has been delayed because Engineer Randall has been too busy to take it up, but he says he will be ready.

TYPOS HAVE ELECTION.

Select Two Delegates Today for Cleveland Convention.

Members of Typographical Union No. 78 will vote tonight for the election of two local delegates to the annual convention of the International Typographical union, to be held late in August at Cleveland. At a recent meeting of the local union seven candidates were selected as follows: Persa R. Bell, Frank Lewis, J. J. Corcoran, Joe S. West, O. S. Humphrey, Edward Miller and F. H. Neimann. The polls opened at the lodge rooms in Harmony hall at 4 o'clock this afternoon and will close at 6 o'clock.

CANDIDATE FOR GOVERNOR.

Dayton, O., May 15.—Congressman James M. Cox, publisher of the Dayton News, today issued a formal announcement of his candidacy for the democratic nomination for governor, subject to the choice of the state convention which meets in Toledo next week.

PNEUMONIA GETS HOLD ON VICTIM

Peter Lapinsky Will Not Be Out of Hospital for at Least Month.

ROBINSON IS HELD

For the reason that Peter Lapinsky, a Polish cook who was shot a month ago at the Baltes hotel by Ray Johnson, sustained an attack of pneumonia due to the wound, a continuance was asked by the state when the Robinson case was reached in the city court today.

It went over until June 17 and the prisoner, a negro employed as bar porter, was remanded to jail. Lapinsky's condition now indicates that he will recover and that Robinson will have to answer only for assault and battery with intent to kill but for a time it was believed a manslaughter case would be filed against him as his victim was in bad shape.

City Court Cases.

The docket was made up of plain drunks and Alkeman Knipp, who was let go yesterday on his promise not to take another drink, was among them. He drew $1 and costs and went over for eleven days.

Sam Harvey and William Thomas, both of whom had been in before, drew fines of $5, Henry Hoffman and Luther Mites were let go and William Saueñ was fined $1 and costs.

ALONE AND UNKNOWN KING DROPS DEAD

(Continued from Page 1.)

thropic objects. His interest in the army, of which he was once inspector general, was keen, and he introduced many reforms, which improved the lot of the soldiers.

Several months ago King Frederick suffered a serious illness. While taking his customary walk he had a sudden seizure and was compelled to return to the palace. Later it was announced that he had suffered a chill, but the real nature of his malady was not disclosed. While he showed rapid recovery he suffered a relapse two weeks later and considerable anxiety was expressed by members of the court as to his condition.

DANISH NATION STUNNED.

Son of Dead Monarch Proclaimed King Christian X.

Copenhagen, May 15.—The people of Denmark are momentarily stunned by the sudden death of their popular king, who only two days ago they were informed in official communication, had completely recovered from the serious illness which had afflicted him earlier in the year and was returning to the Danish capital in excellent health.

Evidences of the deepest sorrow and sympathy are visible everywhere. Copenhagen is fast assuming the garb of mourning. The tragic circumstances of the king's seizure are virtually identical with those of his first illness three months ago, with the exception that this time the attack terminated fatally. On both occasions his majesty was walking in the streets alone when he collapsed with heart failure.

It is now stated here that his majesty's return from Nice had been hastened, as the physicians recognized the possibility of a catastrophe.

His Death Foretold.

A rumor is current that the king recently visited a fortune teller incognito and was informed that he would die on May 15.

The court physicians were unable to induce him to observe the quiet necessary to his convalescence.

Frederick VIII. was a great friend and admirer of the United States. He read daily the American newspapers and was a close student of American literature. He was always glad to greet American visitors at the palace.

During the first two years of his reign he was not beloved by the Danes, but in the last couple of years the people had recognized his ideal for Danish welfare and prosperity and he became most popular.

New King Proclaimed.

The proclamation of the new king, who will take the title of Christian X, will occur at 3 o'clock this afternoon in front of the Amalienborg castle.

Prince Christian went out for his customary ride early this morning, unaware of the death of his father. When he arrived in the capital from his residence outside he saw the flags flying at half-mast and this was his first intimation of the bitter blow.

The royal yacht Dannebrog, escorted by a warship, sailed for Lubeck, Germany, today to embark the body of the king. Prince Parald, third son of the late king, has left by train for Lubeck, where he will receive the body, which is to be conveyed by train from Hamburg. The Dannebrog is expected to return to Copenhagen on Friday.

Minute guns have been fired from Fort Sixtus since noon.

PROSTRATED BY SHOCK.

Frederick's Death Is Severe Blow to His Sisters.

London, May 15.—Queen Mother Alexandra and the Dowager Empress Marie of Russia, both of whom are sisters of the dead King Frederick, are prostrated by the shock of his majesty's death.

The Dowager Empress Marie is staying at Marlborough house as the guest of her sister.

King George and Queen Mary proceeded to Marlborough house immediately after they were informed of the dramatic event.

The flags on all the government offices and other public buildings have been half-masted today. For the second time this year the British court is plunged into mourning, and the social season just commencing will be seriously affected.

CARD OF THANKS.

We desire in this manner to thank the friends and neighbors in the sickness and death of our beloved husband and father, and also the members of Sion S. Bass Post, No. 40, and the Ladies of the G. A. R. for their services and beautiful floral tribute.

Is the Census Always Accurate?

Drawn for Lehman's Clothing House.

News Item: Active work in the taking of the biennial school census was begun yesterday in Chicago under the direction of W. I. Bohne, superintendent of compulsory education. The census will try to show the name, address, sex, age and nativity of every person under 21 years of age.

This compulsory education is a wonderfully constructive movement. We wish clothes education among men could be made compulsory also. We would have no difficulty whatsoever then in making men appreciate the exceptional quality and values offered at this shop.

PURDUE ALUMNI BANQUET.

Sixth Annual Spread to Be Held at Commercial Club.

The sixth annual banquet of the Purdue Alumni association of Fort Wayne will be held at the Commercial club Wednesday evening, May 22, at 8 o'clock. This is to be ladies' night and every Purdue man is urged to bring a guest. Plates will go at $1.50 per and among the speakers will be some of the faculty men from the university. The banquet will be strictly informal. R. B. Roberts, of the Fort Wayne Electric works, is arranging for the event and he invites every Purdue man in the city, whether or not they have previously received formal invitations.

NOTES OF THE COURTS.

In the commissioners' court viewers appointed on stone roads in Lafayette, Cedar Creek, Jackson, Madison and Monroe townships asked for more time to make their reports and the matter went over for a week. About sixty miles of road is included in the undertaking.

The jury that heard evidence in the trial of the suit of Robert G. Mitchell, as administrator of the estate of W. A. Jones to recover $10,000 damages from the Chicago and Erie Railroad company, retired this morning and this afternoon was still considering the matter.

Roselle Meyers has asked for a separation for two years from Frederick Meyers, alleging that he drinks to excess and does not support her or their children. She wants him to pay $30 a month for support.

LOCAL DOCTOR TO SPEAK.

Dr. H. V. Blosser, of Fort Wayne, is at Indianapolis attending the annual meeting of the Indiana Eclectic Medical society and will deliver an address during the sessions, which continue until Thursday evening, on the subject, "The Owens Bill."

NEWS OF FORT WAYNE'S NEIGHBORS

HOLDS WILL GIVES ONLY LIFE ESTATE

Decision in Case Tried Seven Times in Huntington, Allen and Adams Courts.

Huntington, Ind., May 15.—After being tried seven times in the Huntington, Allen and Adams circuit courts the case of Lucinda J. Branyan against Andrew Branyan, suit to quiet title, was decided yesterday by Judge Merryman, of the Adams circuit court. The court held the will of George W. Brookover, made thirty years ago, was only a life estate for his wife and she could not sell or will away the proprety and the land must be equally divided among the heirs.

The decision of the court means that 370 acres of land must be partitioned among the heirs, and not discriminately, as the will of the late Elizabeth Brookover provided. In the will made by Mrs. Brookover she took no cognizance of the existence as heirs of Mrs. Ida Kaufman and Mrs. Lucinda Best, the children of George Brookover.

Mrs. Kaufman is dead, but one child and her husband survive her as heirs, and Lucinda Branyan and Gusie Yotter, daughters of Lucinda Best, are living and are heirs to the estate.

Fourteen years ago Mrs. Elizabeth Brookover made a will giving the 400 acre estate to certain heirs. The will was fought from time to time by the other heirs and was taken then from court to court.

Charles W. Watkins, representing the plaintiffs in the present case, was judge of the Huntington circuit court at one time when the case came before him.

The tract of land entering into the litigation is situated in Warren township and is known as the Brookover estate.

KEPT MARRIAGE A SECRET.

Announcement Made Two Weeks After Event Occurred.

Bluffton, Ind., May 15.—Before leaving yesterday for Seattle, Wash., where he will attend the general assembly of the United Presbyterian church, Henry Sharpe, rural mail carrier on route No. 4, made the announcement of his marriage on April 30 to Miss Lula Roach, of Anderson. The marriage took place at the M. E. parsonage in St. Joseph, Mich., and the ceremony was performed by Rev. C. E. Hoag. The marriage was kept a secret by Mr. Sharpe. Mrs. Sharpe accompanied him on the trip west.

Deputy Revenue Collector L. P. Sharp has left for a three days' trip to South Bend, Elkhart and Mishawaka.

CRIMINAL CAREER OF BOYS CHECKED

Sent to the Reformatory for a Burglary Committed Near Warsaw.

Warsaw, Ind., May 15.—Clarence Willis, of Kansas City, Mo., and Raymond Schief, of Philadelphia, Pa., the 20-year-old boys who were arrested at Claypool on Saturday afternoon by Sheriff Charles A. Kintzel, charged with robbing the Pittenger home, south of Warsaw, yesterday pleaded guilty in the circuit court here and were sentenced by Judge Bowser to a term of from one to fourteen years in the state reformatory. Sheriff Kintzel left later in the day with the boys for Jeffersonville. They will doubtless be released in one year, as Judge F. E. Bowser sent a recommendation to that effect.

According to information the Schief boy has a criminal record and his photo appears in "The Detective," a police magazine. The Willis youth, however, apparently has not been in trouble before. He told the court that he left home because he could not agree with his father and that his mother always took his side and caused trouble between the parents. The boys stole two bicycles from the Goshen police force, rode to Warsaw and then robbed the John Pittinger home, south of this city, on Friday evening.

WELLS COUNTY PIONEERS.

Deaths of Mrs. Sarah J. Huffman and Mrs. Elizabeth Wolfe.

Bluffton, Ind., May 15.—Mrs. Sarah J. Huffman, who resided one mile west of the Airline church in Nottingham township, died at 12 o'clock Monday night after an illness of several weeks from a complication of diseases. She was 75 years of age and had lived in Wells county for many years. Her husband, Benton Huffman, died a few years ago, and she had since made her home with her children, Mrs. Hattie Adams and Grant Shellebarger.

Mrs. Elizabeth Wolfe, age 70 years, died yesterday at her home in Uniondale, after an extended illness with Bright's disease. For the past three weeks her condition had been serious, and her death was not unexpected to her relatives and friends. The deceased had lived in Wells county for many years, and for the past thirteen years had been a resident of Uniondale. Her husband, John Wolfe, with six sons survive.

RACES AT PONETO.

Motorcycle Owners Will Speed the Track for Honors.

Poneto, Ind., May 15.—Thursday, May 30, Memorial day, has been selected by Squire Homer Grove and other men of Poneto as the date for the holding of the motorcycle races.

The program for the afternoon will consist of three races, which will occupy the time. The first race will be of thirty minutes duration, and the twin cylinder machines will be handicapped one mile in this event. A ten mile single cylinder race will be held as a second event. The third race will be a ten mile consolation race for the owners or riders who did not take any of the places in the first two events.

NEW DECATUR PASTOR.

Rev. George Owens Accepts Call to Christian Church.

Decatur, Ind., May 15.—Rev. George Owens, of Burnettsville, has accepted the pastorate of the Christian church here. He conducted services here Sunday and was so well liked that a call was extended to him at once to succeed Rev. J. M. Dawson, who resigned several months ago.

THE NOSE A FILTER TO STRAIN THE AIR

Catarrh Clogged Nostrils a Breeding Place for Deadly Germs.

NO STOMACH DOSING

The nostrils are perfect "air filters" and, when kept in clean, healthy state, strain every bit of air we breathe, catching all dust particles, foreign matter and germs. The air is full of germs. You cannot dodge them, but you can safeguard yourself against catarrh and other diseases contracted in the process of breathing by keeping the nostrils clean and healthy. Catarrh germs will sometimes get in their work, and you may mistake the symptoms for an ordinary cold.

Don't take any chances. If you have a stuffed up feeling in the head, or if your throat is sore or filled with phlegm, just grease the nostrils with a little Ely's Cream Balm, draw the pure, aromatic fumes back in the head, and you will be astonished at the effect. In a few minutes you will feel a loosening up in the head, and nasty discharge will soon be stopped, the soreness gone, and you will feel a sense of genuine relief.

Ely's Cream Balm not only wards off catarrh, but will, quickly cure even a chronic, longstanding case of catarrh. It takes the trouble right where it starts, in the nose and throat, cleanses, heals and strengthens the raw, sore inside skin, or membrane, and in this way drives out catarrh and makes you proof against this filthy, disgusting disease.

Summer Colds, which often hang on for weeks, can be quickly cured with this cleansing healing, antiseptic balm. All druggists sell it for fifty cents a bottle, and the one bottle is generally all that is needed to effect a complete cure. Try it today. Meyer Bros. Co.

Long in Coming---But It's Here.

Congressional action that gives definite assurance of direct election of United States senators, taken by the house in its ratification of the senate measure, is clearly entitled to recognition as new, definite and conclusive substantiation of Brother Jasper's famous contention that "the sun do move." It has been long in coming, but it is now so nearly here that it may almost be said to have already arrived.

Direct election of members of the upper house will mark a distinct step forward and a new triumph for the people in their contention for the right to give definite expression to preference as between candidates for any public position. These are day of the shattering of old traditions and the overturning of precedents political, and the people have come to demand some more substantial objection against proposed change than the fact that custom has always followed certain lines. In the case in point, eighty-six years have been required to break away from the lines laid down by the original constitution makers, for the fight for direct election of senators made its first appearance in congress in 1826. At frequent intervals since that time the fight has been renewed, but never until the present has congress authorized the presentation of the constitutional amendment to the several states.

Present action has doubtless been impelled largely by the very situation that makes certain the ratification of the provision by the necessary three-fourths of the states in order to engraft it into the organic law of the land. Already states to the number of more than three-fourths of the total forty-eight have taken advanced position regarding direct election of senators, either by provision for senatorial primaries, or, as in the case of the Indiana democracy, devised other means of indicating party choice for senator and placing upon members of the legislatures the moral obligation to carry out the expressed wish of the people in casting the ballots for senator. Eight years hence ought to see the senate of the United States composed of members who are there as a result of the direct expression of a majority of their constituents and not as the outcome of legislative vote that has not always been above suspicion.

It Will Be Expert Opinion.

The coming of Irwin S. Osborn, of Columbus, to Fort Wayne tomorrow to first make an inspection of local conditions and then give Fort Wayne the benefit of his advice regarding the disposal of garbage and other city waste, is an event of more than usual importance. This is due first to the fact that the garbage disposal problem is one of the biggest questions which Fort Wayne must solve, and second by reason of the fact that Mr. Osborn is a recognized expect in the lines along which he will speak.

Mr. Osborn has created at Columbus a system that is attracting the widest commendation for its effectiveness in meeting modern city demands as to the disposal of city waste. He is not a mere theorist, but an intensely practical man who has handled a big job capably. His address at the Commercial club Thursday evening should be heard by as large audience as can possibly be accommodated there. It will be worth Fort Wayne's while to hear Mr. Osborn.

INDIANA PUTS ON FINANCIAL BRAKE

Mortgage Increase Some $43,000,000 Less Than in 1910.

BUYS MUCH PROPERTY

Indianapolis, May 15.—Indiana citizens in 1911 applied the financial "brakes," checking the increase of their total indebtedness by more than $43,000,000, as compared with 1910. They increased their total payments on mortgages and decreased the total amount of new mortgages put on their property in 1911 over the total amounts in 1910. In 1911 the difference between the new mortgages placed on real estate and the old instruments paid off was $40,795,125, while in 1910 the difference was $84,320,842. Both totals were on the debit side of the state's ledger, however.

The total amount of mortgages of all sorts paid off in 1911 was $87,504,732, and the total amount of new mortgage debts contracted was $128,299,857. The total amount of mortgages paid off in 1910 was $65,964,432 and the new mortgages "plastered" was $150,285,274. The decrease in the ratio of debt increase in the state because of the increase in the amounts paid on mortgages during 1911 was $21,540,300 over 1910, and the decrease in the debt ratio because of a decrease in the total amount of new mortgages placed on property was $21,985,417.

Acquire Property.

Thomas W. Brolley, state statistician, has just completed statistics gathered from the various county records of the state, showing that while people of the state have been making rapid strides in lowering their debt ratio, they have been making strides almost as long in acquiring property. In 1911 the total number of deeds of all types registered in the counties of the state was 114,723, while in 1910 the total was 112,734. The total amount of the considerations for such transfers of property in 1911 was $196,409,783, as compared to a total of $194,017,725 the year before. In the compiling of the totals on considerations, however, it is to be remembered that many of the transfers are kept secret as to price.

There were 113,033 quit claim, administrators', guardians', warranty, executors' and commissioners' deeds recorded during 1911, while 631 sheriffs' deeds and 1,059 auditors' deeds were filed. In 1910 the total of warranty, executors' and commissioners' deeds was 111,613, the sheriffs' instruments aggregated 673, and the auditors' deeds totaled 1,048. The number of miscellaneous papers of all sorts filed in 1911 was 23,931, and in 1910 was 22,886.

The total amount of consideration for the first class of deeds last year was $195,423,415 and the year before it was but $193,021,894. Total of considerations recorded for sheriffs' deeds last year was $905,727 and for auditors' deeds was $80,641. The number of mortgages registered in 1911 was 104,926, as opposed to a total of 104,704 in 1910.

26,208 Farm Mortgages.

The mortgages on farms and lands not in cities or towns numbered 26,208, and the total amount of money they represented was $51,628,081. For 1910 the total was $43,741,760. The satisfactions of that class of mortgages in 1911 amounted to $37,701,950, opposed to a total of $32,849,144 in 1910.

Mortgages on city and town lots during 1911 amounted to $58,689,907, showing a strong tendency to decrease, as in the year 1910 the same class of mortgages aggregated $93,199,824. The satisfaction on that class of mortgaged property during 1911 evidenced a tendency toward incurring less debt by showing a total of $43,171,820, opposed to a total of $28,817,029 in 1910.

School fund mortgages in 1911 amounted to $2,025,454 in 1911 and $1,255,341 in 1910. The total number of such instruments filed in 1911 was 2,415, while 895 were registered in 1910.

Mortgages on personal property showed an increase of approximately $6,000,000 over 1910's total during the year, offset partially by an increase in the total amount of satisfactions of that class of debt by approximately $1,000,000.

Figures on the total amounts called for by liens and other similar papers in the state during the year show that an increase in debt was evident there. The total for 1911 was $1,218,173, while in 1910 it was $1,230,710.

THE VALUE OF THE BIBLE.

(Indianapolis News.)

America is a Christian nation, and with few exceptions not a religious organiz ation exists but accepts the Bible as its guide. Countless books have been written on the one sacred book itself. Aside from its religious aspect, the Bible presents a great library of literary work.

We who, for the expenditure of only a few cents, can any day buy a complete copy of the Bible, little appreciate the handicaps the early christians must have experienced in carrying with them the Scriptures in forms other than thought. We who read the Bible but little are impressed at spasmodic intervals with the assurances of its promises and the signs of their fulfillment. And when we consider what the adherents to christianity in the days following the ministry of Jesus must have suffered and the labor they must have undergone to obtain copies of the Bible, we are put to shame for our lack of appreciation. A London daily tells of the discovery of what is declared to be the oldest translation of the Bible.

Tradition, which is now borne out, had it that the Bible was translated into the Coptee or Egyptian tongue not many years after the sermons in Galilee. St. Mark appointed the first Egyptian patriarch at Alexandria in the year 64. Before the end of the second century the christian religion had reached all parts of Egypt, while the Ethiopian baptized by Philip, aided in its dissemination. It was generally believed that the Bible was read in the vulgar Egyptian tongue, but at what time was never known until a discovery was recently made by archaeologists of the British government. An ancient papyrus codex has been unearthed containing translations of the greater part of the text of the Book of Deuteronomy, the Book of Jonah and the Acts of the Apostles. The age of the papyrus itself is placed at about 1,500 years, making the date of its actual reading about the year 400. But the authorities of the British museum say the Egyptian translation probably was made several hundred years earlier. The copy extant shows signs of constant use. It is painstakingly transcribed and evidently had been carried in a wallet.

THREE JOBS FOR ONE YOUNG MAN.

Dean Woods, of Minnesota state agricultural college, will turn out a fine lot of scientific farmers in his graduating class next month.

He has had applications for three times as many young men as he has in his graduating class. Every one of the present class has, therefore, had the choice of at least three jobs paying from $1,200 to $1,500 per year to start with.

The graduates from the law and medical schools have long lean years ahead of them. The "ag" graduate not only starts with a good salary, but his work will keep him out of doors, where there is health and long life.

Over on the girl's side in this year's graduating class at Minnesota state the story is about the same. Almost every girl in the domestic science division has secured a position at from $900 to $1,200 per year, while the girls who have studied the "ologies" will get mighty little except their diplomas.

Boys and girls who are going to start a college course next fall will do well to think these facts over.

HELD A BANQUET AT THE ANTHONY

Annual Meeting of Men's Club of First Presbyterian Church.

OFFICERS ELECTED

The annual meeting and banquet of the Men's club of the First Presbyterian church was held Tuesday evening at the Anthony hotel with 125 of the members of the club present. The officers elected for the coming year were as follows:

President—Andrew O. Waterman.

Vice Presidents—W. M. Wardrop, Walter Seavey and Harry Perfect.

Recording Secretary—E. M. Hulse.

Corresponding Secretary—E. F. Dalman.

Treasurer—George Waldschmidt.

At the banquet table Charles R. Lane, the president of the club during the past year, presided as toastmaster. An elaborate menu was served and toasts were responded to by Rev. H. B. Master, the pastor of the church, who spoke on the theme, "When We Were Twenty-One;" W. M. Wardrop on, "Schedules;" R. B. Hanna on "Social Service," and H. R. Freeman on "Uncle Sam in the Panama Zone." The vocal music of the evening was by the Haydn quartet in patriotic songs. Rev. Mr. Master in prefacing the remarks to his toast said:

"Five and ten years ago when men were questioned in regard to their spiritual welfare, they would join lustily in singing 'Take My Wife and Let Her Be, Consecrated Lord to Thee,' but I am gratified in the consciousness that in this age of christian endeavor there is an unmistakable awakening of interest among men in matters of church and religion, and instead of offering their wife, they, too, are identifying themselves with the movement for a higher standard of christian living."

Postmaster Hanna in his response to the toast assigned him spoke along the line of civic improvement in Fort Wayne, closing his address as follows:

"The all-important question is not whether this or that particular improvement shall be made but rather whether the common council will give a word of encouragement to the progressive movement which has taken hold of our people. With the approval of the common council Fort Wayne has spent $10,000 for plans; we have published to the world the needs and opportunities of our city. Recently the story of Fort Wayne's civic awakening was told on the front page of the Chicago Record-Herald. Will Fort Wayne make good? Shall we take a step forward or backward? That is the question."

FIRST HOLY COMMUNION.

Classes Receiving It at St. Paul's Catholic Church.

A class of twenty-eight, consisting of thirteen boys and fifteen girls, will receive their first holy communion next Sunday morning at 8 o'clock at the St. Paul's Catholic church, at which time high mass will be celebrated by the pastor, Rev. H. F. J. Kroll. The class is as follows:

Boys—Joseph Brillmeier, Eugene Delmer, Elmer Gephart, William Gocke, Edward Huhn, Harold Huhn, Anthony Kramer, Edward Kramer, Robert Kramer, Harry Miller, Sebastian Miller, Glenn Rupple, Joseph Zuber.

Girls—Mary Fehrenbach, Esther Hontheim, Mary Krock, Helen Kohrman, Mary Lynch, Catherine Miller, Margaret Miller, Marie A. Miller, Elenora Spanley, Loretta Spanley, Margaret Schneider, Wanetah Steinacker, Caroline Schilling, Gertrude Suelzer, Mayme Wehrle.

A second class numbering eleven boys and nine girls, a total of twenty, will receive first communion at St. Paul's on Trinity Sunday, June 2. Members of this class are as follows:

Boys—Ralph Bluest, Carl Fox, Ralph Fox, Jerome Gunkel, Lawrence Huhn, Joseph Miller, Edwin Nichter, Clem Nichter, George Schoepf, Carl Wehrle, Arthur Witzigrueter.

Girls—Clara Gebhart, Leonora Leonard, Henrietta Miller, Marie Miller, Martha Nichter, Marie Reinhart, Helen Reinhart, Viola Reinewald, Odella Schnurr.

Members of both classes aggregating forty-eight together with a large class of first communicants from last year will all be confirmed by Rt. Rev. Bishop Alerding at St. Paul's church in September.

Feast of Ascension.

The feast of the ascension of Christ will be observed tomorrow in all of the Catholic churches. Many members of the several local parishes will receive holy communion at the early masses and will return to the high mass at 9 or 9:30 o'clock, at which sermons appropriate to the festal day will be delivered. At the Cathedral, the hours for the Masses tomorrow morning are: 5:30, 7:00 and 8:30 o'clock. The last will be a high mass at which Rev. John A. McCarthy will preach the sermon. May devotions will be held in the evening at 7:30 o'clock.

METHODIST MEN UNITE IN WORK

Banquet Held Results in the Movement for Brotherhood of Five Churches.

SPLENDID MEETING

As the result of the banquet given Tuesday evening at the social rooms of the Wayne Street M. E. church in which the men of the five Methodist churches of the city participated plans were inaugurated for the formation of a united Methodist brotherhood embracing in its membership all the Methodist men of the city. The purpose is to have the brotherhoods of these churches work in union for a forward movement in the interest of the churches, a better condition along religious and moral lines.

A committee to formulate plans for such a brotherhood was appointed as follows: W. S. Whitbeck, G. C. Carrington, E. C. Walker, E. R. Robinson and Paul Shivers, one from each congregation, and the pastors of the five Methodist churches of the city. This committee will report at a meeting to be held in the near future.

The banquet that preceded this action was a most enjoyable affair. There were 125 guests seated at the long tables. The menu, an elaborate one, was served by the ladies of the St. Cecelia circle of the King's Daughters, the instrumental music of the evening being by the Schlatter orchestra and the vocal music by the men's quartet of the First M. E. church. Rev. W. A. Griest, pastor of the Simpson M. E. church, was the toastmaster.

Men from the five Methodist churches of the city responded to toasts, all speaking of the Methodist brotherhoods now in existence in their respective congregations and the work they were accomplishing. Those responding were Dr. C. B. Stemen, J. W. Leiter, Edward Hall, Calvin H. Brown and Prof. J. M. Price.

The principal address of the evening was delivered by Rev. Dr. George W. Switzer, of Lafayette, who spoke on the theme, "The Men's Forward and Religious Movement." It was a masterly effort, replete with grand thought, eloquent and interesting. Throughout its delivery he held the attention of his hearers closely and was enthusiastically applauded.

The line of thought was that the men of the church should take advanced steps in the doing of religious work, interesting themselves in it and doing it with that activity and enthusiasm with which they push their own business affairs. It was individual work, he urged, the going out and the meeting with men.

"We have come to a time in the world's history," he said, "when men ought to do what God expects and wishes them to do and what he calls them to do. Go out and save the world for Christ. Let every man do his part."

Among the guests of the evening was Dr. Madison C. Swaidner, of Indianapolis, the assistant national superintendent of the Anti-Saloon League. The toastmaster, Rev. Mr. Griest, called on him for the closing address and, after repeated calls, Mr. Swaidner responded. His speech was a gem, full of force and humor, characteristic of all the public speeches he makes. He spoke of the Christian work which men ought to do and urged renewed activity and interest on their part in the field of moral reforms. G

WOULD KILL INCURABLES.

Doctor Says Painless Death Better Than Hospitals.

Montgomery, Mo., May 15.—Under oath Dr. David O. Hudson told the court, jury and the large audience in the court room that it was his opinion as a physician, and one who had had experience visiting county farms of Missouri, that the hopelessly insane and incurable patients should be mercifully put to sleep forever.

A few years ago when Doctor Hudson expressed himself on this subject it attracted wide attention throughout the United States. This is the first time he has advocated the doctrine under oath and on the witness stand.

He said the reason he had advised this doctrine was that Missouri and other states, especially the counties, did not provide for the incurable and hopelessly insane persons as they should be provided for; that he has seen them treated like dogs, eating flies and other filth without consciousness of being a human being and without any hope of recovery. He said that county courts and the public should either treat such patients better or gently put them to death.

DIGS HIS WIFE'S BODY FROM GRAVE

Crazed by Grief, Illinois Man Bears Remains on His Shoulders.

NOW RAVING MANIAC

Naperville, Ill., May 15.—There was a weird twenty-four-hour struggle to conquer death in the home of Charles Hillegan, in Naperville yesterday.

It was the struggle of Hillegan to bring his wife, who died two weeks ago, back to life. And when it failed the heartbroken man's thread of reason snapped. He is now a raving maniac in the jail at Naperville.

Hillegan says that since he cannot conquer death he will embrace it and join his wife. Physicians who have examined him say that it is likely his promise will come true, that he is actually a victim of a broken heart.

Like Tale from Poe.

The story of Hillegan's grewsome effort to bring his wife back from the grave reads like a contribution from the pen of Edgar Allan Poe. His actions and his present condition prove that he is a victim of the most crushing grief a human being could experience.

Mrs. Hillegan died while visiting relatives in Seattle two weeks ago. When informed that his wife was dead Hillegan would not believe it. He refused to admit that his companion of eighteen years could be taken from him in this way.

Even when the body was taken back to Naperville Hillegan insisted that a physician should be called and that efforts be made to revive his wife. In the face of his obstinate assertions arguments were futile.

Collapses at Funeral.

During the funeral Sunday Hillegan sobbed violently and finally collapsed. It was necessary to carry him to bed and give him medical attention. But during the time he was in the hands of physicians Hillegan was devising a plan for bringing his wife back to him.

As soon as it was dark Monday night he armed himself with a spade, a shotgun and an ax. Then he went to his wife's grave.

He began to dig. It took practically the entire night for him to reach the box that held the coffin. This he smashed with an ax. The lid of the coffin was removed in the same manner, but more gently.

Bears Body on Back.

Next, Hillegan lifted the body of his wife tenderly from the ground and placed it upon the lid to the pine box. This load he finally managed to get balanced upon his shoulders.

Staggering under his crushing burden, he began the two-mile walk to his home. Shortly after sunrise he tottered to a shed in the rear of his house.

There he placed the body of his wife tenderly upon a bench, raised the head slightly with a pillow, and then went to the house for food. Relatives remonstrated with him, but Hillegan drove them away with his old shotgun.

He took food and a bottle of camphor to the shed and began the work of trying to restore life in the cold body. He rubbed the camphor upon the brow, then offered food to the lips that refused to open.

This process he continued for hours. Meanwhile a crowd congregated about the shed, but nobody ventured in. Shortly after noon a member of the family telephoned to Sheriff Frank Kuhn. Two hours later that official arrived at the Hillegan house, but too late to find the grief-stricken man.

Hillegan had finally given up hope of forcing the breath of life into the body and had deserted the barn. He was found, overcome by grief, in a little ravine two miles from the village.

BUTTON BRINGS DIVORCE.

Collar Fastener Lost and Man and Wife Disagree.

Parsons, Kan., May 15.—The misplacing of her husband's collar button several years ago which caused their first quarrel, resulted in the filing of a suit for divorce by Mrs. Estell W. Cain against her husband, Ralph R. Cain. He was formerly connected with a Kansas City bank, but is now cashier of the Chetopa State bank.

Mr. and Mrs. Cain were married in Kansas City September 19, 1903. In her petition Mrs. Cain alleges that their first quarrel was caused by the misplacing of one of her husband's collar buttons in Kansas City four years ago. Since that time he has quarreled with her continually, she says. She says her husband has threatened to kill her. Mrs. Cain asks allmony and custody of two minor children.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. These affections are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. SOCIETY

Mrs. A. H. Heim and Mrs. Robert Koerber gave the first of two bridge parties this afternoon at the home of Mrs. Heim in Hoagland avenue. There were players for nine tables at the game. The two hostesses were assisted during the afternoon, especially in serving the delicious supper, by Miss Elsie and Miss Luella Paul, Miss Marie Landenberger and Miss Helene Strieder. Mrs. Zimmerman, of Brooklyn, N. Y., who is visiting her parents, Mr. and Mrs. Trier, was the only guest from out of town. The house presented a lovely appearance with its decoration of spring flowers arranged by Miss Flick.

Eighteen young girls gathered at the home of Miss Wefel in Masterson avenue this afternoon to do honor to Miss Bonnie Auger. In addition to a shower of miscellaneous gifts, both dainty and useful, busy fingers knotted a pretty yellow comforter for Miss Auger's new home. Everything was a surprise on the honor guests. Supper was served at a table beautifully decorated. There was a large brass basket filled with delicate ferns in the center of the table and yellow shaded candles with tulle bows tied to the holders and watercolor place cards representing yellow roses were special things that carried out the hostess' chosen color for her party. It was a charming prenuptial affair.

Hipskind—Bassett.

A beautiful home wedding took place at Orleans, Ind., on Tuesday evening, May 14, at 8 o'clock, when Miss Helen Bassett, daughter of Mr. and Mrs. John Bassett, was united in marriage to Mr. Thomas Hipskind, of Wabash. The ceremony was performed by Rev. Charles Little, of Wabash, in the presence of relatives and friends to the number of fifty. The bride came down stairs with her father, attended by Miss Flossie Adams, of Peru, and met the bridegroom and officiating clergyman in the living-room which had been decorated with branches of mountain laurel and out door flowers. Miss Gwendolyn Saylor, of this city, played the bridal music from Lohengrin as the bride came in and "The Evening Star" from "Tannhauser" during the marriage service as the bride plighted her troth with a ring. The bride wore a dainty and exquisite gown of white mull with trimmings of cluny lace and carried a shower bouquet of white rosebuds. After the exchange of felicitations the wedding party was served with a delicious supper. The tables were prettily decorated and the bride served the bride's cake. Later in the evening the bride and groom left for eastern points and will remain until their own home in Wabash is completed. Mr. Hipskind is in the hardware business with his father and is very highly regarded. The bride formerly lived in Fort Wayne and was much admired for her attractive appearance and lovely nature. The wedding guests included Mr. and Mrs. Guy Bassett and baby, Mr. and Mrs. John Hanna and baby, of this city; Mr. and Mrs. Hipskind, of Wabash, parents of the groom; Dr. and Mrs. MacDonnald, of Bedford, and Miss MacDonnald, Mr. and Mrs. Walker, of Wabash, sister and brother of the groom; Mr. Thornton V. Allen, of Bedford, and Miss Anna Shields, of Bramwell, W. Va.

That if light colored or white kid gloves are rubbed gently with bread crumbs after each wearing they will keep clean a long time.

That a most effectual trap for roaches is a basin with a little molasses in it. They easily fall into the pan, but can not get out.

That old-fashioned mutton tallow, which can be perfumed with a few drops of essence of rose, is very healing for chapped hands or lips or rough skin.

That the cover of a lard-pail is very convenient to place over the burner of a gas stove when heating something in a small dish or a cup.

That when you clean spiral bedsprings it may be easily accomplished if you use a dish-mop, and keep one just for that purpose. Get the rust out of the springs first with dry mop, then dampen the mop and go over the metal a second time.

A RING OF ROSES.

A coming new accessory of the toilet table which may be offered as a favor at some cotillon is a bouquet of exquisitely formed artificial roses. But these roses open and reveal their hearts, and in each is found nestling a tiny velvet satin lined receptacle, a complete ring box.

Pretty to look at, these artificial blooms might keep some of the treasures of the jewel box even more securely than certain safes could do. Such a little gift as this would seem to any woman a happy thought.

Large Audience Praises John B. Archer's New Opera, "The Romany Maid," and Cast Presenting It.

The first performance of John B. Archer's new comic opera, "The Romany Maid," given entirely by local talent, was enjoyed by a large audience at the Majestic theater last evening. Mr. Archer's appearance with the orchestra to direct his work was received by much applause. There was quick and generous recognition of individual singers and appreciative applause of many musical bits of the opera, while there has probably never been given in this city an amateur performance with untried libretto which has been so well received as far as its comedy was concerned as was the performance last night. The opera has a beautiful setting, both in scenery and costuming. Mr. George Herbert, of Chicago, who had entire charge of the staging of the opera, again showed himself a master of the work in amateur performances. It is always a wonder how Mr. Herbert can accomplish so much in so short a time. Few mistakes were made last evening and the second act went off in a manner that smacked of the professional. The cast was tiptop and in the main everyone seemed particularly well fitted to his role. Good voices were a feature of the entire solo work and the chorus knew music and cues to perfection.

Story of the Opera.

The story of the opera is brief. It concerns the love affair of a Spanish nobleman, Pietro, and the Gypsy girl, Pepita, with whom he has fallen in love. So infatuated is Pietro that he dons gypsy disguise and joins the band in order to be near Pepita. During his travels Pietro stops at an inn where his father arrives accompanied by his ward, Lola, an heiress. Pietro tells Lola of his love for the gypsy maid and she advises him to arouse the jealousy of Pepita by making love to her, Lola. Pietro does so with the desired effect. Pepita is enraged and she calls her aids to her and instructs them to kidnap Lola. When the kidnapers arrive on the scene, however, they make a mistake and carry off Silencio, a customs detective who is masquerading in woman's costume in order to further his work, and Frau Kirschwasser, the keeper of the inn. Naturally complications follow. Silencio, especially, has a hard time of it because he is unable to get back all of his clothing, particularly his pet pair of pants. On this incident hangs considerable of the comedy and makes room for the introduction of an illustrated song. This song and the pictures, while funny enough in themselves, seemed an interpolation that rather disturbed the movement of the opera. Another incidental feature of the performance, the dancing of a tarantelle by Miss Muriel Larimore, was very charming and lovely.

Praise for the Cast.

The cast deserves much praise individually. Mrs. E. H. Kirkland, whose accident on the night of the "Red Letter" performance prevented her taking part in that opera, has a comedy role this time that she makes much of, musically and dramatically. Mrs. Kirkland's song, "The Man With the Big Bass Drum" was one of the hits of the performance. Her humor is of the infectious kind and in the sextet, "I'd Like a Little Girl," one of the prettiest of the musical numbers, Mrs. Kirkland's fine voice was heard to especially good advantage. Mrs. Clara Zollars Bond and Ferd Urbahns had the more serious and important vocal roles and sang them with the finish and skill they always bring to their work. Their duet, "I've Sought You All Over the World, My Dear," was one of the loveliest numbers. Miss Edith Nickel, as Pepita, carried off honors of the evening with her charming acting and singing in the title-role. An attractive and winning smile, an easy and natural grace and a very pretty voice are Miss Nickell's assets for success and she entered into the spirit of the part with an abandon that contributed to her popularity. Miss Florence Lang had little acting but her rich contralto was one of the delights of the musical score. Miss Lucy Bash also scored a hit in the trio with "Society" by her grace and charm as well as by her singing. This trio sung by Miss Bash, Mr. Diserens and Mr. Young was repeatedly encored. Messrs. Paul Johnson and Alfred Gessler were especially noticed for their excellent voices and good singing and the fine appearance they made. Earl Thompson's excellent voice was heard to advantage several times and Mr. Ronald Dawson, as Don Miquel, had an excellent conception of the role and was funny as usual. Arthur Young assisted much in the comedy of the opera and incidentally sang very well beside. The bulk of the comedy, however, concentrates on Silencio, presented by Robert Diserens. Mr. Diserens has had previous experience in amateur performances but he is evidently a young man of considerable talent with a special aptitude for comedy. His presentation of the customs detective, who is considerable of a fool, was very clever and not at all amateurish. Mr. Young as Serafino, a muleteer, was an able assistant in the comedy work of the evening.

The Music.

Musically, "The Romany Maid" is a work of much originality and merit. It is a big task to write an opera and its book and Mr. Archer gives acknowledgment in the programs of aid in the construction of his plot to Mr. W. B. Ralston and for certain of the lyrics to Mr. Diserens. Mr. Marinus Poulsen also lent assistance in writing the orchestration of the opera. There are many pretty airs and singable melodies in the opera. Of them Mr. Archer considers "Gypsy Life," a baritone solo in the first act, the worthiest and most pretentious as a composition. The audience, however, caught the waltz song, "The Way of a Man With a Maid" and the foyer of the theater was filled with snatches of the song as the audience left. While this song may not be so worthy as a form of musical writing as other things in the opera, it has that something that takes hold and lingers in the ear. Sung faster by a large chorus it would go far in popularizing the opera.

"DEAD" HUSBAND BACK.

After Ten Years Man Appears in Divorce Suit.

Paterson, N. J., May 15.—For ten years believed to be dead, Ralph Mowerson, of Syracuse, N. Y., has persuaded the court of chancery here that he is really alive. His appearance in court just as his supposed widow was testifying that he had died in the west in 1902, was dramatic. The woman was in court to defend an action for annulment brought by John G. Schwartz, whom she married some years ago after the supposed death of her first husband. While she was telling of the receipt of letters announcing Mowerson's death, the lawyer for Schwartz brought Mowerson into the room.

"Do you know this man?" the lawyer asked.

Mrs. Schwartz gasped and whispered, "Yes, he is my husband."

Mowerson explained that he had tired of married life and had gone to Phillipsburg, Mont. He could not explain, however, the erroneous reports of his death which were sent to his wife.

British seamen to the number of 2,204 lost their lives by accident or disease in the year ending June 30 last, or one for every 106 in the total of 234,148.

"The Romany Maid" made a big hit last night. Ask anyone who saw it. Good seats left for tonight and tomorrow night.

REV. A. J. FOLSOM IS THE SPEAKER

Delivers Address at Y. W. C. A. Cornerstone Laying Tomorrow.

MISS MARSH IS ILL

Owing to an attack of acute laryngitis, Miss Alice R. Marsh, of Indianapolis, territorial secretary of the Y. W. C. A., will be unable to deliver the address at the ceremonies attending the laying of the new Y. W. C. A. building corner stone Thursday afternoon, and the executive board of the association has conferred the honor upon Rev. Arthur J. Folsom, pastor of the Plymouth Congregational church.

All is in readiness for the event tomorrow and the huge stone for the new $100,000 home will be set in place at 3 o'clock. The actual laying of the stone will be preceded by program of music and addresses. Officers of the association, members of the building committee and the board of directors of the Y. W. C. A. will occupy places on the platform which has been erected for the occasion, and a large crowd is expected to witness the event which marks an epoch in the history of the local association.

The Program

The program is as follows:

"Object of Gathering"...Mrs. J. S. House
President of the Local Association.
Invocation .....Rev. Henry B. Master
Pastor of First Presbyterian.
Song—"My Country 'Tis of Thee," led by E. F. Yarnelle.
Introduction of Speaker—.....
.....Mrs. J. S. House
Address .....Rev. Arthur J. Folsom
Presentation of Box..Mrs. George Evans
First Vice President of Local Association.
Benediction.
Song—"Coronation."

Contents of Box.

Following the close of the address by Rev. Folsom, Miss Marsh may speak briefly if her voice does not give her too much trouble. In presenting the receptacle to be placed in the stone, Mrs. Evans will read a list of articles to be enclosed, as follows:

A Bible, photographs of the old association headquarters on West Berry street and of the foundations of the new building, matter pertaining to the campaign for funds with which to build the new home and newspaper accounts of the laying of the cornerstone, list of names of those subscribing to the fund, a list of the membership up to date, a copy of the charter, constitution and by-laws, the Association Monthly, history of the Fort Wayne association and a photograph of the campaign clock which stood at the court house corner during the building fund campaign a year ago.

Work Progressing.

The foundations for the new building have been completed and the first story of the gymnasium has been constructed. Thus far the contractors have experienced good luck and will begin laying the floors the first of next week. Architect J. F. Wing, who executed the plans for the new home, estimated the cost of the actual building at $60,000 and thus far his estimate has proved to hold true. Practically all of the contracts have been let and the bids have been kept within the bounds of Mr. Wing's first estimates.

The contract for heating the building was let yesterday to the firm of Derheimer Bros., whose bid was $3,390. Other concerns submitting heating bids were A. Hatteraley & Sons and Albert Rolf, of Fort Wayne; Markley & Kennedy, of Pittsburg, and the Hoffman-Conkle company, of Columbus.

DECATUR NEWS.

Decatur, Ind., May 15.—William Rundell, manager and secretary of the Ward Fence company, will leave the first of next week on an extended trip through the west.

Byron Hendricks, the young man who one week ago was accidentally shot by his brother-in-law, Melvin Babcock, southwest of the city, when he was mistaken for a burglar, is doing nicely although all efforts to locate the bullet, which entered his right thigh, proved useless.

Rev. and Mrs. George Owens, of Burnettsvile, will move to this city in the near future. Rev. Owens, who conducted the regular Sunday services here Sunday last, was extended an invitation to accept the pastorate, which he did.

Albetr Mutschler has taken over a third interest in the butcher shop formerly conducted by his father, Fred Mutschler, and Jake Meyers, on Monroe street.

Mr. and Mrs. A. J. Reynals, who have been visiting with their son, Rollo, at Indianapolis, have returned home and are busy packing their household goods relative to their moving to the capital city to make their home.

A SUNSET FROCK.

A lovely gown is of apricot satin, veiled with soft folds of transparent gray. On the left side of the tunic blooms suddenly a cluster of brilliant flowers cut out from Chinese embroideries and applied separately to the material. The bodice is made transparent over lace, on which runs a narrow band of lily green, and a lily made of green silk with black and gold stamens fastens it in front. The dress is finished with a bubbles frill of white lisse, a touch of genius.

HARD TO LEARN.

Takes Hard Experience to Teach People Some Truths.

Many people jeer at the idea that coffee causes the aches and ails they suffer from; and often such people will go on for years sticking steadfastly to the coffee and suffering month in and month out but maintaining "Coffee doesn't hurt me." (Tea is just as injurious as coffee because it contains caffeine, the drug in coffee.)

A lady says:

"I did not learn the real truth until I made the change, but I can now positively state that the headaches I had for about seventeen years were caused by drinking coffee, for when I changed and gave up coffee and used Postum in its place I experienced entire relief. I have not been troubled with headaches since I began Postum.

"This, in brief, has been my experience on the coffee question. Among my friends I have seen many other wonderful instances of the power of this food drink when used in place of the drug drink, coffee.

"Among my friends there are those who tell me of relief from kidney trouble, neuralgia and eczema by leaving off coffee and using Postum and I have even known it to ease rheumatic pains in limbs.

"I really believe these statements for since I quit the coffee and use Postum, I never seem to have an ache or pain and I would not dare go back to coffee again.

"Not only myself but my family use Postum exclusively and we think there is no hot beverage that can take its place. Nearly seven years steady use of Postum convinces me I know what I am talking about when I say it is food as well as drink and most valuable to build up the system." GARAGE FROLIC LATEST.

It Takes the Place of the Barn Dance in Cleveland Society.

Cleveland, O., May 15.—The evolution of the barn was demonstrated last night in the novel entertainment provided by Mrs. Elizabeth C. Miller at her residence on Euclid avenue for the pleasure of her seventy-five guests, including Cleveland's ultra-fashionable.

To the rhythmic measure of "Old Dan Tucker," "Turkey in the Straw" and the "Virginia Reel," the highly polished floors of the new garage faded into memories of whitewashed halls, splintered floors and the old bewhiskered fiddler of long ago, when the "Frost was on the pumpkin and the fodder in the shock."

Strains of the "Turkey Trot," which is danced at all polite functions in the east these days, brought the guests back to the oriental garden, on the second floor of the buildling, where hundreds of lights gleamed from small electric bulbs concealed in huge chandeliers showered with sprays of flowering wistaria.

Potted plants of immense palms concealed the corners of the room, forming a gorgeous setting for the beautifully gowned women, gliding to the dreamy strains of, "The Melody of Love," or the quick, fantastic trip of the Boston.

Supper was served on the lower floor at eight large tables, centered with miniature automobiles formed of iris and various shades of roses. Silver candelabra, topped with white shades, shed a soft glow over the scene. Among the guests were most of Cleveland's exclusive society set.

Nobby styles in soft hats, new colors. Prices, $2, $3, $4 and $5.

GOLD SHIP YIELDS COPPER.

Disappointment for Seekers of Treasure From an Armada Vessel.

London, May 15.—As a relief from the output of stone cannon balls and metal plates from the sea bed where the supposed Spanish armada treasure ship lies off Tobermory, there have now been recovered thirty-two copper coins. Twenty-four of them came up in a cluster. Two are dated 1759 and 1582, respectively, and are clearly marked "Phillippus."

These are the first Spanish copper coins of the period of which there is any record. It had been believed that Spain, then by far the richest kingdom in the world, handled money imperially and did not deal in small copper coins.

These coins came up shining like burnished gold, and the staff of the salvage ship was sure that the long-expected gold had been reached at last, and greeted the glittering coins with cheers, but all is not gold that glitters, and the coins turned green under the acid test.

DEPARTMENT CAN NOT PAY EXPENSE

Present License Fees from Meat Dealers Barely Pay the Salaries.

SHUTS OUT FARMER

If an ordinance introduced at the meeting last night of the city council becomes a law the meat and milk inspection department cannot meet expenses out of the fees derived from the dealers. The new measure was drafted by a local firm of attorneys at the request of the wholesale and retail butchers and its purposes are reduction of license fees and the elimination of the farmer who offers his meat on the market.

Under the present ordinance the annual fee for the wholesaler is $25, for the slaughter house $100, for milk, retail meat, wagons selling on the street and fish dealers $5. each. The new scale is $25 for slaughter houses, $15 for wholesalers and the others are the same.

Last year the city health department received from meat licenses $2,030.78; milk licenses, $351.66, making a total of $2,382.44. Dr. Gillie's salary is $1,440, his assistant gets $840 and with the incidental expenses charged off the balance left last year was $35.74. Reductions would mean that there would be a deficit every year to be made up from the city's general fund. The ordinance introduced last night went to the committee on rules, regulations and ordinances and in most things it is identical with the present law. It revokes an ordinance under which farmers are allowed to sell meat of their own raising on the market or to private customers without licenses.

Favor the Purchase.

Members of the committee on public parks are in favor of the purchase of the Harmer battle ground, but they have no funds available for the purpose and for that reason recommended that the matter be submitted to the park board with the request that the property be acquired.

Other Matters Considered.

The ordinance providing $2,500 for cleaning the intercepting sewer went to the finance committee along with one appropriating $60. for insurance.

Ordinances were passed annexing Foster park to the city and declaring Walton avenue a boulevard and giving it in charge of the park board.

A strip of ground at the north end of State street will be annexed under an ordinance introduced last night to complete the boulevard at the north end of Walton avenue.

Members Braun, Felger and Hamilton were appointed to arrange for attending Memorial day exercises and the invitation of the Sons of Veterans was accepted.

The contract for the switch to the Olds Coal company's yards went to the committee on contracts and franchises.

The quarterly report of Controller Cutshall was filed and it shows disbursements of $16,236.26; the receipts, $26,576.36; total of balance and receipts, $224,077.64; special funds, $207,841.83; general fund, $104,625.03; unredeemed warrants, $12,030.98, and the treasurer's cash balance, $324,497.30. The report of the light fund shows the total disbursements to have been $33,731.87; available balance, $62,280.43; unredeemed warrants, $3,533.46, and treasurer's cash balance, $65,813.70.

Vice President Haller, of the council, presided at the meeting in place of President Schroeder, who is absent from the city.

J. L. Sinclair, of the Pennsylvania erecting shop, is on the sick list.

COUNT IN CITY SHOWS 167 GAIN

Annual Enumeration of the School Children is Completed.

TOTAL IS NOW 17,364

The complete report of the school enumeration for Allen county, which has just been filed with County Superintendent H. G. Felger, shows a net gain in the county of 154, and a gain of 167 in the city of Fort Wayne. In the twenty townships of the county there was a loss of 56. The total number of school children in the county is 26,469, and of this number, 17,364 are pupils in the schools of Fort Wayne. Two towns in the county, Monroeville and Shirley City, show a total of 374, or 43 more than last year. The number of children in the townships outside of the city is 8,731, against 8,787 last year. It is reported that the net gain in the county during the year is the smallest that has been recorded in the past five years.

Superintendent J. N. Study, of the city schools, is disappointed in the enumeration and expected a much larger gain here. He believes that the city was not covered thoroughly by the enumerators owing to the fact that so many people without previous experience assisted with the work. He believes that if more time had been given, many entire blocks would have been found where no enumeration had been taken.

County Superintendent H. G. Felger States that during the last five years a gain of 730 has been rated in the city of Fort Wayne, and a loss of 417 in the townships and 263 in the towns. This would leave a net gain in the county of but 50 in five years. The ratio in 1900 as compared with the population in that year was 31 per cent. The ratio this year, as compared with the population in 1910 is 26 per cent.

In the entire county there were 259 more boys than girls enrolled by the enumeration. Washington township showed the largest gain of any township in the county and an increase of 40 was recorded. This is due to the fact that part of Washington township is now incorporated in the city and many children from Fort Wayne are enrolled in the Washington township schools. The largest loss over last year was in Eel River township, where a decrease og 28 was shown.

Fort Wayne by Wards.

The total enumeration in Fort Wayne by wards is as follows:

First	1,493
Second	1,106
Third	1,147
Fourth	1,149
Fifth	1,440
Sixth	2,452
Seventh	1,672
Eighth	2,738
Ninth	1,935
Tenth	2,165
Custodial Institution	67

Of this number 8,516 are male pupils, and 8,808 are female. There are 23 colored boys and 17 colored girls in the totals. The Eighth ward showed the largest enumeration, having a total of 2,758, which is a gain over last year.

EARLIER DATE CHOSEN.

Flower Show by School Children to Be Held in August.

Owing to the fact that the flower show by the public school children has been held so late in the season that many of the flowers are not in bloom, it has been decided this year to make a change of date and place. Heretofore, the flower shows have been held in the schoolhouses, which do not reopen until September, but this year arrangements have been made to hold the show in August at the Guildlin playground, where the pavilion will be used for the display, of the work of the children of the schools. Mrs. S. R. Taylor is the chairman of the civic department of the Woman's League having the matter in charge.

BASEBALL ATHLETICS

PLAYERS HOPE TO ESCAPE THAT BAD INNING HOODOO

Alberts Carded to Open the Final Road Series Against the Reapers and Hopes to Overcome Ill Luck.

Springfield, O., May 15.—Three straight defeats at the hands of the Terre Haute team has served to discourage the members of the Fort Wayne squad who arrived here today for a series of three days after which they will return home for a dozen games, including two on Memorial day.

Charley Alberts was picked when the clubs went to the grounds for the hurling in the opening game and the youngster, who has worked harder this spring than at any time since he became a member of the Fort Wayne club, is determined to give the bad inning hoodoo a run for his money.

Manager Frank Shaughnessy will have to send out a call for help if his pitchers do not round to form in short time. In former years the Fort Wayne team's good position in the pennant races have been due in a great measure to early conditioning of pitchers and their ability to hold their own before the other hurlers on the circuit got into shape and by this means slumps that have been encountered annually have not counted against the team because it had good starts every year and was in position to withstand a run of bad luck.

Just why his pitchers can't pitch is a mystery to him. They warm up in good shape, say they are strong before they go in and then they generally blow on him before the game is half over.

The Springfield club is in good shape for the series and although the Fort Wayne club is down near the bottom of the league standing Manager Charlie O'Day is too wise to take any chances and he will send the pick of his pitching staff against the Billikens.

His mound division is in none too good shape at best and like the other managers he is a bit uncertain about the members. The Fort Wayne management has some lines out for new pitchers, but the men in the majors are going so badly that the managers are afraid to cut loose any of the young talent and will carry the men just as long as they can.

THE SAME OLD STORY.

Pitcher Skied in the Sixth and Fort Wayne Lost Three Straight.

Terre Haute, Ind., May 15.—For seven of the eight innings pitched in the final game of the Fort Wayne series, Art Loudell, the longest thing in the way of pitching material seen here this season, dealt out a brand of winning ball, but in the fifth he had a bad round and the Tots captured the final combat by a score of six to one, making a clean sweep of the three engagements.

The Billikens broke through in the fourth inning with the first run of the game and for a time it looked like that was plenty, for Big Loudell to work on, as he had the whole Grant squad eating out of his hand and jumping through when he told them.

Keener drew a pass in the fourth and Bill Clancy, who has been dropped a notch in the batting list, moved him to second with a bunt. Bunny Fabrique connected for a double and scored Keener, but was stranded as Harry Martin was not able to send him across.

In the sixth Fabrique booted Jack Snyder's grounder and an infield hit by Pick gave him second. Dolan kicked in with a safe drive and Snyder scored, and after Miller had sacrificed Fluharty was passed and the bases were filled.

Pick was nailed at the plate on Sharry's grounder to short and with two gone chances for Fort Wayne were improved, but Mahoney and Waring hit and the round yielded five runs.

This was followed in the sixth by Pick's home run. The game was called by agreement in the first half of the ninth, as the Tots had to go to Grand Rapids last night to open a series there today.

THREE PITCHERS TO AID POTTERS

Hurry Call Has Been Sent Out by the Management.

TO REPORT AT ONCE

Zanesville, O., May 15.—With the completion of two deals which have been under way for some time three pitchers were added to the Zanesville club's roster. Pitchers Weidel and Short, secured from the Milwaukee club of the American association, and Pitcher Wheatley, purchased from the Des Moines Western league club, are the new Athletics.

Short pitched but four games for the Milwaukee club last year as he was not in his usual form. With the acquisition of the Brewers of a number of big leaguers this spring he was not essential to the success of Duffy's club and the Brewer management decided to give him a chance to pitch regularly when "Bill" Kelley's wireless began sputtering the "S. O. S." Of Weidel little is known except that for some reasons of his own he refused to report to the Brewers this spring after being purchased last fall. However, he is willing to come to Zanesville to work under Kelley. Gilhooley, star outfielder of the Erie Sailors, knows Weidel and knowing the Central's class, says that Weidel will be a star in this league.

Wheatley, the Des Moines club's contribution, hurled for the Great Bend, Kan., club of the Kansas State league until that organization blew up on July 4 last season and was the club's star boxman, being instrumental in keeping the Great Bend club far out in front during the short life of the circuit. During the latter part of the season he pitched for the Humboldt club, which won the pennant in the Missouri-Iowa-Nebraska-Kansas league, better known as the "Mink" league. For Humboldt he won six and lost two games. He was purchased by Des Moines last fall, and was only let out to the locals when the Des Moines management found itself with too many good heavers on the payroll.

All of the players have been ordered to report here at once. Wheatley is expected in Wednesday and Short may arrive today. Weidel is expected by Wednesday.

The disposition of any present members of the local pitching staff who may have to go has not been announced yet. Kelley now has eight pitchers.

GETS NEW PITCHER.

Akron, O., May 15.—Jepson, a big left-handed pitcher picked up by the Columbus club, has been sent here to strengthen Lee Fohl's losing club.

IS CONNIE MACK'S PRIZE BEAUTY, "LEFTY" RUSSELL, TO PROVE HIMSELF ANOTHER RUBE MARQUARD AFTER ALL?

Is "Lefty" Russell, to whom Connie Mack refers to as "my one extravagance," about to do a Marquard?

Remember, Muggsy McGraw paid $11,000 for the Rube and the big fellow looked like a bum for a couple of years, don't you? And then, last year, he came like a bull terrier after a hobo, led the National league pitchers and pitched the Giants into a world's series by showing strongest when the Giants' pitching staff was wobbling.

It is three years since the conservative C. Mack, who usually signs players for a postage stamp while they are developing on a college diamond, let go of something like twelve thousand stamped and milled beans to get "Lefty" Russell from Baltimore.

For two years Russell has been as useful as another tail to a dog. The critics joshed Mack about his "$12,000 beaut." The newspapers panned Russell and broke his heart in his first year in the American league. Last year he was reported sick.

Now Jack Coombs is laid on the shelf, with what may be a permanent injury. Russell has a chance to show Mack that he can do the Marquard act and repay some of that $12,000. Two years with the Athletics must have taught Russell a lot of big league ball, and with a hard-hitting, fast-fielding team behind him, he ought to win a lot of games, provided he gets off on his right foot and doesn't stub his toe.

What a safe bet the Athletics will be if Russell proves worthy to take his place with Bender, Plank and Coombs, and how that quiet old fox, Cornelius Mack will grin when he thinks of the roasting he has taken for two years while waiting for his judgment to be vindicated.

BIG PURSE FOR RACES.

Local Stable Entered This Year in Grand Circuit.

Purses for the races at the Fort Wayne fair this autumn will aggregate $9,000. Secretary P. T. Strieder, of the fair association, has mailed announcements of the stakes to 1,500 owners of racing stables throughout the country.

The Joseph Clifford racing stable of Fort Wayne, has been entered on the grand circuit this year. The string is headed by Gold Seal, 2:07½, pacer, and Echomore, 2:16½, trotter. The latter horse, formerly owned by Henry C. Paul, went a mile last year in better than 2:12 flat.

NEGRO MUST SETTLE CLAIM.

Chicago, Ill., May 15.—Champion pugilist Jack Johnson's attempt to compromise a government charge of smuggling a diamond necklace into this country has ended in failure. He has been notified that if he does not pay full value of the necklace and the regular tax, which will amount to about $8,600, suit will be brought against him.

Johnson recently deposited $6,000 with the federal authorities and requested that this amount be accepted and the smuggling charge dropped. He insisted that similar compromises had been effected by others.

THE AMATEUR PLAYERS

The Yales would like to have games with any amateur team in the city with players whose ages do not exceed sixteen years.

The Magnolias will play at Warsaw Sunday and will hold a meeting at the rooms, 130 West Columbia street on Friday night at 8 o'clock at which some important business will be transacted. The club will play at Waterloo the last Sunday in June.

The Tigers will be out in new uniforms Sunday for the game with the Badgers to be played at Randall field. The Tigers are going good this season and would like to meet some of the fastest clubs in or out of the city. The line-up will be: Freimuth, 2b; Leach, cf; Boscker, ss; Cartwright, 1b; Craig, 3b; Swain, lf; O'Connell, rf; Henline, c; Enyart and Smith, pitchers.

ARNDT CUTS HIS SQUAD TO LIMIT

Anderson Released and Nespo Will Play Short for South Bend.

PITCHER DISPOSED OF

Grand Rapids, Mich., May 15.—Manager Harry Arndt of the Greenstockings of South Bend, announced today the release of Shortstop Anderson, which means Frank Nespo of Michigan City, will hold down the place for the Greens. The youngster is fast and instills a much-needed speed into both the attack and defense of the visitors. Pitcher Peterson, who was left at home, has been ordered to report to the club at Dayton. Pitcher Kaiserling, released to Muskegon in the Michigan State league, does not wish to pitch with that club. His case is slated for a decision this afternoon, suspension to follow a refusal to carry out his share of the program outlined by Arndt.

With the release of Anderson and the disposal of Kaiserling the line-up of the Greenstockings is practically assured for the remainder of the season. Fourteen men, including Manager Arndt, will be supported. The pitchers undoubtedly will be Plank, Madden, Smith, Phelan and Peterson. Arndt will play first, Parker second, Nespo short, and Wetzel third base. In the outfield Tannehill, Coffey and Bates will perform from left to right. Tieman and Stroh will be the catchers.

Anderson had been playing his position well for the past few games, but was unable to cover ground as fast as Manager Arndt thought he had ought to. Anderson knows baseball and Arndt knew this through his experience last season when the two played on the same team.

He reported here following a long illness, which accounts for his loss of speed, and a season of rest may get him in condition for a strenuous season next year. Anderson has not decided on what he will do, but will remain in South Bend for a few days.

FOUR CITIES IN TROLLEY LEAGUE

Meeting to Be Held This Week for a Discussion of the Project.

FORT WAYNE TO JOIN

If plans that are to be submitted at a meeting to be held this week, either at Garrett or Auburn, materalize, Fort Wayne will be included in a four-club trolley league that will play Sunday games during the present season as a compact circuit can be formed that will require little expense for traveling and on which intense rivalry will serve to increase the receipts.

G. M. Patterson, traffic manager of the Toledo and Chicago Interurban company, was here today in consultation with Manager Mart Cleary, of the Shamrocks, and he will call a meeting for either Thursday or Friday night, at which the matter will be submitted to the heads of the clubs in Fort Wayne, Auburn, Garrett and Kendallville, and if its meets approval a schedule will be formulated at once.

Each of the cities embraced in the proposed circuit has a team that is well equipped and is now playing independent ball and the work of getting the league in good working order will take a very short time. The traction company will offer a pennant and a loving cup to the winning team.

Rivalry is the life of base ball in the smaller towns and as this already exists between the four cities named and could be intensified by a fight for a pennant there is every reason to believe that the new league could be made a success. All of the cities are located within an hour's ride of each other, each of them has for years maintained a base ball club and all have good base ball patrons, and Mr. Patterson's project looks exceptionally good.

Mr. Patterson submitted the proposition to Manager Mart Cleary, of the Shamrocks, because of his experience in base ball and invited him to attend the meeting. Mr. Cleary says his club will be included in the league if it is organized.

DEPENDS ON CIRCUMSTANCES.

Query—If a pitcher has the score five to three in his favor with three men on bases and another pitcher takes his place and loses who is the game charged to?

O. F. W.

If the pitcher who replaced the man with the bases full happened to pull through that particular inning with the score still in his favor and lost the game afterward he should be charged with the loss, but if the opposing team scored enough runs in this inning to overcome the lead the loss should be held against the pitcher taken out of the game.

Be A Perfect Man

With No Back Pains—No Nervousness—No loss of Ambition, But With Plenty of Life and Energy and the Vigor of Youth Restored.

To be strong and manly is the aim of every man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly men that, nature intended them to be, they find themselves broken down, and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of dreaded disorders, their finer sensibilities blunted and their nerves shattered.

Is This the Way You Feel? Do you feel tired in the morning and easily exhausted? Is your back weak or lame? Do you have difficulty in fixing your thoughts? Is your memory failing? Are you losing ambition? Do you feel you are not the man you once were? Do you have hot flashes up and down the spine or sudden weak spells at the base of the brain, sudden spells like fright from no apparent cause? Are you very restless or sleepless at nights? Are you very nervous or irritable, with a feeling that you want to be alone? Are you gloomy with a sense of some great oppression upon you? If so, then you need my treatment now and I want you to call or write today. Don't delay. You surely do not want to remain in this condition. Don't suffer longer. I cure others. I can cure you. Master your disease before it masters you.

My Fees Are Within Reach of the Workingman

My price is always reasonable. I will give the POOREST man a chance as well as the RICH, to receive a cure from me at SMALL COST. There is no man too poor to get my advice free.

I Cure to Stay Cured Varicose Veins, Blood Disorders, Skin Disorders, Bladder and Kidney Ailments, Piles, Fistula, and all Special, Acute and Chronic Disorders of Men.

Free to Men A friendly heart-to-heart talk will COST YOU NOTHING. I have been lecturing on and treating disorders of men for many years. I have EXPERIENCE, that best of all teachers, the most thorough equipment and purest drugs that money can buy.

Honest Treatment I will use you honestly, treat you skillfully and cure you in the shortest possible time. I will positively guarantee to cure any case that I decide is curable or refund the fee. I know what I can do and have the courage of my opinion. I am willing to stake my reputation upon it.

Proofs Come and see me today, examine the living proofs that I have to offer, investigate my records as a doctor and as a man. It will cost you nothing and may mean a lifetime of health and happiness to you.

DON'T LET MONEY MATTERS OR MODESTY KEEP YOU FROM BEING CURED. CALL. I DO NOT "PATCH UP." I CURE TO STAY CURED. DO NOT DELAY. CALL OR WRITE TODAY. EVERYTHING CONFIDENTIAL.

The famous and well known Indian princess, Kil-so-quah, residing near Roanoke, will be 102 years of age this month. No record of her birthplace or the exact date of her birth has been kept, but according to tradition she was born in May, 1810, at the forks of the Wabash river west of Huntington. She is the granddaughter of Chief Little Turtle and on her mother's side is the granddaughter of the Miami chief, Shu-mock-a-nish.

Kil-so-quah lives quietly and peacefully with her son, White Loon, east of Roanoke. She is still in remarkably good health in spite of the weight of years, which has had its telling effect.

MAN AND THE SOIL.

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says "why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purity to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of

Doctor Pierce's Golden Medical Discovery

is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss Lottie Knisely of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. Was weak, could eat scarcely anything although I was hungry nearly all the time. About one year and a half ago I began taking your 'Golden Medical Discovery,' and after having taken several bottles am nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight.

I thank you for your remedy and wish you all success in your good work."

REGISTRATION MORE THAN HALF

Total of 8,945 Polled in the County on First Period.

COUNTRY WAS LIGHT

The first registration of voters in Allen county, which was held last Thursday, brought out a poll of 8,945, or more than one-half of the largest total vote in the county, 15,000, which was case in 1910 for secretary of state. In view of the fact that this was the first registration, political leaders in the county are well pleased with the results. Acting upon the instructions of Committeeman Winland, of the county republican organization, the registration place in Precinct A, Washington township, was kept open two days.

Owing to excellent weather for farm work, the country registration was not large, as farmers could not afford to leave their urgent duties to go to the polls, and then, too, they considered the fact that they still have two more periods in which to register if they care to vote at the general election in November. The heaviest country registration occurred in Monroe township, where 256 voters indorsed and filed the blanks. The highest vote in the city occurred in the Nineteenth precinct, where 353 registrations were made.

In spite of the fact that the new law was interpreted in many different ways before registration day, clerks and inspectors at the different precincts state that no great trouble in registering was encountered. Apparently all who registered were familiar with the law and had previously studied the blanks which are to be filled out and signed. This is due in a great measure to the fact that both democrats and republicans had held several meetings for weeks before registration day to instruct the public about the new law.

Fight in September.

The fact that so many committee meetings were held led political leaders to the belief that opposite parties were planning to secure a big and organized registration. The republicans believed that the democrats were going to work for a big poll, while the democrats believed the same thing of the republicans. It developed, however, that neither side worked very hard, but it is understood that the real fight for big registration of partisan voters is to be held prior to the September registration period. At that time the farmers will have most of their work finished, and will find time to go to the polls. In all instances leaders endeavored to impress the public that to cast a vote at the general election, one must first register, no matter how long he has resided in the county, state or city, or how many times he has voted in the past. If a voter wishes to cast his ballot in November at the general election, it is absolutely necessary to register.

The total registration in Allen county by precincts is as follows:

City—First precinct, 226; Second, 151; Third, 223; Fourth, 95; Fifth, 180; Sixth, 131; Seventh, 230; Eighth, 154; Ninth, 172; Tenth, 248; Eleventh, 156; Twelfth, 251; Thirteenth, 193; Fourteenth, 179; Fifteenth, 302; Sixteenth, 262; Seventeenth, 318; Eighteenth, 260; Nineteenth, 353; Twentieth, 250; Twenty-first, 260; Twenty-second, 137; Twenty-third, 181; Twenty-fourth, 166; Twenty-fifth, 201; Twenty-sixth, 262; Twenty-seventh, 180. Total in city, 5,721.

RARE ANIMALS WITH THE GREAT LONDON SHOWS.

The London Shows exhibit the only great blue-faced, rib-nosed baboon in captivity. He is a giant in size and is possessed of the strength of a hundred men. Decked with rare tints, with gorgeous colors and with indescribable hues, he grins at the startled thousands, a degenerate man or a redeemed brute—which is he?. Scientists have not answered the question. He has passed through training school for animals and has thrown aside many antics and notions of the brute creation, and taken on many antics idiosyncracies of finite man. He is at once a wonder and a mystery, and his queer grimaces and wise expressions provoke smiles and serious reflections from the simple minded and the philosophical. To see this rare freak of nature is never to forget it.

SPECIAL TO BLUFFTON.

Maccabee Ladies Will Attend Big District Rally.

Twenty-five members of Kekionga Hive, No. 83, Ladies of the Maccabees of the World, will go to Bluffton Friday to attend a district rally to be held there. The trip will be made over the interurban, leaving here at 8 o'clock in the morning.

Kekionga hive will celebrate its first anniversary Thursday evening at the Star hall. Pedro will be enjoyed and later refreshments will be served.

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

Something to interest you. Watch C. C. Schlatter & Co.'s window this week. Wednesday, Thursday and Friday. 14-2t.

LYRIC THEATER

The offering at the Lyric today and night is a Reliance, "Prince Charming," a picture that will please the kiddies and the grown ups. Thursday everybody's favorite, "Lady Audley's Secret," in two reels. This is the best photo-play that the Imp company has ever turned out. The picture is strong with interest throughout. Coming next week, Susie Carselle, the one lady band. Miss Carselle is the champion lady accordeon player of the world.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Downey, of Newberg Junction, N. B., writes, "My wife has been using Chamberlain's Tablets and finds them very effectual and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

SENTINEL WANT ADS ALWAYS GET RESULTS

LOTS OF SOFT, FLUFFY, LUSTROUS HAIR AND NEVER ANY DANDRUFF

You can double the beauty of your hair in ten minutes with a little Danderine.

When you see a head of heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, you can at once conclude that this man or woman is using Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately destroys and dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25 cent bottle will truly amaze you.

RAILWAY MEN MAKE PROTEST

Previous Endorsements Being Withdrawn by Indiana Railroad Men.

BOILERMAKER HAS FOOT CRUSHED

Changes in Clerical Force at Wabash Offices in This City.

A vigorous protest against the enactment of the workmen's liability compensation bill, which passed the senate a few days ago by a majority of 64 to 14, has been made by Indiana railway men and a petition has been sent to congress from the advisory board of the relief department of the Pennsylvania lines west, and is signed by all the members of the committee appointed to consider the matter—M. C. Purcell, J. A. Carroll, Orville Ervin, F. G. Hunt, J. Van Allsburg, H. E. Cunningham, James C. Brown and E. G. McIntyre. The protest was forwarded by James C. Brown, of Jeffersonville, Ind.

Since the bill passed the senate there has been a remarkable change of sentiment among the railroad men in regard to it. Many who had petitioned congress to enact the bill have hastened to send telegrams withdrawing their previous indorsements and asking that the bill be killed, stating that in their zeal to establish the principle of workmen's compensation they had overlooked the details of the pending measure, which they now regard as one-sided and in favor of the railroads.

SOME RAILWAY STATISTICS.

The interstate commerce commission, according to official circulars issued by Logan G. McPherson, director of the Bureau of Railway Economics at Washington, has changed its monthly report to cover railroads having annual operating revenues of $1,000,000 or more. The monthly summary of the Bureau of Railway Economics, which heretofore has covered the returns of railways more than fifty miles long, has been changed to conform to the practice of the commission. The report just issued for February shows increases both in receipts and expenses as compared with the corresponding month of 1911. The returns which cover about 90 per cent of the steam railway mileage of the country, average as follows per mile of line for the month: Total operating revenue per mile $966, as compared with $891 in February, 1911, the increase resulting almost entirely from freight traffic, passenger revenue having slightly decreased; operating expenses per mile of line $712, as compared with $668 in February, 1911; net operating revenue averaged $254, as compared with $223 in the corresponding month of last year; taxes $44 per mile of line, an increase of 10.9 per cent over February of the previous year. As February contained twenty-nine days in 1912 and twenty-eight days in 1911, the returns for this month of the current year, other things equal, would be one-twenty-eighth, or nearly 4 per cent greater than for February, 1911.

ON INSPECTION TOUR.

The division inspection is being made along the line of the Pennsylvania company today between this city and Clark Junction, west. Supt. W. M. Wardrop is at the head of the staff and the purpose of thetrip is to examine the track, conditions as to the safety of employes and passengers, sanitary conditions of offices and stations, etc. The safety committee is composed of the following gentlemen, most of whom are on the inspection trip: Robert Learmonth, chairman; Kellar Sheeler, claim agent; R. J. Lyons, assistant road foreman; J. A. Graham, master car builder; A. C. Watson, assistant division engineer; C. L. Hamilton, assistant trainmaster.

PENNSY VOLUNTEER RELIEF.

The employes of the Pennsylvania company began balloting for member of the advisory board of the Voluntary Relief association from this division yesterday. The balloting will last until May 22, when the polls will be closed and the votes counted. James E. Whyte, foreman at the round house, and John E. J. Hebert, machinist, both of this city, are candidates and the other men in the race are as follows: Orville Irvin, the present member, a conductor on the Chicago Terminal division of the Pennsylvania company; Harry O. Cook, train clerk, Chicago Terminal; Everette O. Miller, engineman, western division.

CHANGES IN WABASH OFFICES.

Owing to the resignation of E. T. Keech, account clerk in the office of Master Mechanic G. W. Smith, of the Wabash, in this city, O. O. Rohrbach, a stenographer and clerk in the same office, has been advanced to the position vacated by Mr. Keech, and Ralph Brown has been transferred from the superintendent's office at Peru to the position formerly held by Mr. Rohrback. Mr. Keech retires to become associated with an advertising firm to be known as Miller & Keech, and his fellow clerks in the local office extend most hearty wishes for success in his new venture.

REHEARSING FOR PLAY.

The members of the Bowser Girls' club are busily rehearsing for the play, "The French Maid and the Photograph," which they will give in the auditorium of the James H. Smart school on Thursday night, May 23. The girls expect to place in the neighborhood of 1,000 tickets among their many friends. The proceeds from the entertainment will go to both the club and school. The club will use its part to buy pictures and other equipment for the new club rooms, while the school part of the proceeds will go toward the payment for stage curtain.

MEETING OF STOREKEEPERS.

The monthly meeting of the storekeepers ofthe middle and northwest system of the Pennsylvania company is being held in this city today. C. P. Cherry, of the local store room, is chairman, and W. C. J. Auman, a clerk under Mr. Cherry, is acting as secretary. H. E. Heine, of the Fort Wayne offices, is also in attendance, and those from out of the city are as follows: P. J. Zimmerman, Chicago; C. A. Jackson, Allegheny; C. W. Soule, Crestline; C. E. Blessing, Cleveland; W. P. Thomas, Toledo; W. T. Weschler, Mahoningtown, Pa.; Ben Shipley, Wellsville, Ohio.

WABASH BOILERMAKER HURT.

Joseph V. Alter, a boilermaker employed in the Wabash shops in this city, had two toes of his right foot painfully crushed while at work in that establishment this morning. A heavy boilerplate was being hoisted by a crane and the dogs on one sides slipped, allowing the piece of iron to drop upon Mr. Alter's foot. Dr. Charles F. Kaadt was summoned and ordered the injured man removed to his home at 826 Hugh street, where the wound was dressed.

J. J. McGill and John O. Bryant, of the Pennsylvania machine shop, returned to work this morning, after being off duty a few days.

Ed Luley, boilermaker at the Bass shops, is on the sick list. Walter Toenges, of the same shop, is also off duty for the same cause.

Walter Adams and Robert Taylor, who conduct a machine shop near the Bass works, have returned from a week's fishing trip at Lake James.

Michael Connors and J. Wilhelm, of the Pennsylvania car shops, are on the sick list. C. C. Otto, of the same shop, is off attending to private business.

A. S. Gilbert, freight agent of the Wabash in this city, has returned from Chicago, where he went ten days ago on a business mission for the company.

Andrew Foida, a laborer in the cleaning room of the Bass foundry, was struck on the chest by a crane handle yesterday afternoon and is off duty in consequence.

Daniel O'Neil, erecting engineer for the Cleveland Gas Construction company, after a visit with his parents, Mr. and Mrs. D. J. O'Neil, in this city, has gone to Austin, Minn.

The last of the locomotives which have been used as auxiliaries at the local Pennsylvania power plant, was taken out of commission today and will be used in the road service.

J. B. Fowler, assistant storekeeper in the local Pennsylvania offices, is in Chicago visiting his brother, who is a member o fthe Pittsburg team of the United States league, which is playing in the Windy City at present.

M. J. Maroney, passenger engineer on the Third divvision of the Nickel Plate, who has been off duty for some time on account of a sprained back, is improving and expects to be able to resume his run on the road before long.

At the last regular meeting of Boilermakers' union, No. 54, William Rehm was elected delegate and Thomas Morris alternate to the national convention of th eorganization, which will be held at Little Rock, Ark., beginning on June 10.

Bellevue Gazette: "J. W. Kelker, of Fort Wayne, well known in Bellevue, called on friends here today. Mr. Kelker lost one arm in an accident at Fort Wayne several weeks ago, when he fell beneath his engine, while preparing for the run to this city."

A broken journal caused the derailment of an oil car in a westbound Nickel Plate freight train at Clay street early this morning. It was necessary to call out the wreck train, and not until several hours work had been done was the track cleared and traffic resumed.

The new whitewashing machine, which was purchased upon the recommendation of the local safety committee, has been installed and will begin operations at once, under employes of the paint department, in whitewashing the interior of the various shops of the Pennsylvania company in this city.

While unloading ties from an Erie car at Huntington, a gang of Italians found a case of ladies' white shoes which had been stolen from a Wabash car a few days previous and secreted in the Erie car by the robbers. While the foreman of the gang was away making inquiries regarding the disposition of the find, the Italians proceeded to help themselves to the footwear and upon his return not a pair of shoes was left. After some argument he persuaded the foreigners to return the shoes, and they were boxed and forwarded to the consignee at a point in Ohio.

"The Romany Maid" made a big hit last night. Ask anyone who saw it. Good seats left for tonight and tomorrow night.

BLESSING IN DISGUISE.

Jury Service Leads to Pension for Old Soldier.

Kansas City, May 15.—Twenty-two years ago when John Higgins, 1323 South Thirty-first street, Kansas City, Kan., filed an application for a pension he was informed that his request could not be granted without the indorsement of one of his own company or regimental officers. Unversed in the ways of finding missing persons, he found his task difficult.

Higgins was recently summoned to do jury service in the Wyandotte county courts. Across the street from the court house he chanced to see Col. L. C. True's sign. He hastened over to the lawyer's office. Breathlessly he asked:

"Did you serve in the war with Sixty-second Illinois volunteer infantry?"

"I was colonel of that regiment," Colonel True answered.

Higgins forgot his twenty-two years' search while the two talked the war all over again. Then he made known his business.

"I believe I am the only officer of that regiment left," Colonel True told him, "so it is no wonder you never heard of any of them. I understand all your company officers are dead, too."

Colonel True went to work immediately to obtain a pension for his old private. The papers came granting Higgins $12 a month and back pension for the twenty-two years.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

AWAY GOES DANDRUFF

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty and makes it grow.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., May 15.—Improvement reported in the winter crop outlook swung the wheat market around today to the bear side. July started at $1.12⅝ to $1.12¾, touched $1.12⅞, and declined to $1.12⅝.

Freezing temperatures reported to Minneapolis district caused an upturn, but heavy selling by a prominent speculator took the market lower than before. Closing prices were weak at $1.11⅛@1.11⅜ for July, a loss of 1½@1⅝c from last night.

Delay to planting held corn fairly steady. July opened at 77c to 77@77⅛c, rallied to 77⅛@77¼c and then fell back to 76¾@77c.

Buying afterward on the start of a leading house led to a rally. The close, however, was easy, with July ⅛c net lower at 77c.

Oats slipped down because of the absence of demand. July started at 52⅞c, sold at 53c and sagged to 52½c.

A good call for lard tended to give firmness to provisions. Initial transactions with July options were $10.65 for pork, $11.10@11.15 for lard, and $10.67½ for ribs.

STOCKS AND BONDS.

The Day on Wall Street.

New York, May 15.—Some substantial gains were made in the opening dealings on the stock exchange today. Lehigh Valley advanced a full point with gains of as much and more for Canadian Pacific, International Harvester, American Sugar and International Paper preferred. Reading failed to follow Lehigh Valley's rise, soon reacting from its slight advance. United States Steel on moderate dealings advanced a fraction above yesterday's close. Elsewhere gains were confined to less important stocks. American Can opened with a slight loss, which was soon extended to a full point.

A feature of the initial dealings was the sharp rise in the foremost subsidiaries of the American Tobacco company.

Prices fell back generally in the first half hour, the movement suggesting further profit taking under cover of the rise in the specialities. Union Pacific, United States Steel and other standard shares soon yielded more than their gain, and Lehigh Valley's rise was lost, as also was that in International Harvester, American Sugar and Canadian Pacific. Following a brief period of dullness in which feeble rallies were attempted, another selling movement sent prices lower than before and by 11 o'clock material losses from yesterday's closing were shown.

Most of today's selling centered around United States Steel, which constituted the back bone of the previous day's market, and the stock fell to within a fraction of the preceding day's lowest. Standard shares, like the Harriman and Hill issues, the grangers and trunk lines, were relegated to inactivity or heaviness, while the most obscure issues enjoyed brief periods of prominence. By midday the market had lapsed into dullness, with some recoveries from the low level. Bonds were easy.

The market closed irregular. The last hour witnessed a further bidding up of the low-priced industrials, while such standard shares as Union Pacific, United States Steel, Amalgamated Copper, Reading and Lehigh Valley was selling on a parity with or under yesterday's final quotations. Illinois Central, with a rise of 2 points, made some more recovery from last week's depression.

TAFT COINS NEW TERM IN ATTACK

He Declares Roosevelt is "Honeyfugling" People by Lincoln Talk.

COLONEL IN RETORT

Youngstown, Ohio, May 15.—President Taft in a speech here last night made his first attack of the campaign on tariff revision plans of Colonel Theodore Roosevelt.

"I understand," said the president, "that Mr. Roosevelt here this afternoon said he favored a tariff of high wages so that the profits of it will go through to the weekly envelope and wont stop at the box office.

"We're all in favor of high wages and prosperity, but how would he arrange a tariff with an adjustment of the receipts between the wage earner and those engaged in an industry. He does not know and I do not know and neither does anybody else know how."

Mr. Taft spoke in a local theater to a big crowd. His hoarseness was marked and at times as he pounded one fist on another he grew red in the face.

Interruptions were frequent and finally Mr. Taft called for order.

"I don't know why I am opposed by Theodore Roosevelt, who backed me four years ago," said the president.

"He made a mistake," shouted a voice.

"Shame, shame," came the echo, and there were no more such remarks.

"Theodore Roosevelt does not understand what the nature of our government is because he does not know what liberty regulated by law is," was one sentence that made the crowd applaud.

In several of his speeches he made liberal use of the term, "neurotic," with which he described Roosevelt early in the campaign, and declared that the colonel was "honeyfugling the people into the belief that he was a "second Abraham Lincoln."

THE COLONEL COMES BACK.

Declares President Taft Has "Joined the Enemy."

Canton, Ohio, May 15.—The first day of Colonel Roosevelt's campaign in Ohio ended here last night with his first prepared speech in the state. It was a day of crowds and noise and speeches in succession and Colonel Roosevelt was hurried through the eastern part of the state in an effort to keep up with the schedule which had been arranged. This called for thirteen speeches and the colonel made several more than that. There were large crowds and in same cases huge ones, wherever he spoke.

The former president renewed his attack upon his successor. He asserted at the outset that he would not reply to the things which Mr. Taft said about him, so far as they were personal, but would confine himself to the political principles involved.

Colonel Roosevelt charged that the president had "joined the enemy."

"I wish to make the issue one of principle and not of personal abuse," Colonel Roosevelt said.

"I see that Mr. Taft yesterday alluded to me as a demagogue, a neurotic, a flatterer, an egotist and as engaged in honeyfugling all of you. This will not tempt me into any retaliation in kind. But I wish to point this out to you: Four years ago Mr. Taft had not discovered that I was a flatterer, a demagogue, an egotist and engaged in honeyfugling the people and yet I stood then exactly where I stand now."

FINDS WIFE WEDDED.

Showman Learns That He Was Supposed to Have Died.

New York, May 15.—Theodore Gifford, who is connected with a wild west show playing in Mount Vernon went to Yonkers to see if he could find any trace of his wife, whom he had married in that city twenty-five years ago. The only person he could find who recalled him was Conrad Henkel, a policeman.

"We believed you dead," the policeman told Gifford. "There was a rumor you were shipwrecked, and after waiting seven years your wife was married to William Smith. He went away ten years ago and she and her daughter were living here as late as six months ago."

Gifford explained that soon after his marriage he went to sea. While rounding the Horn he was shipwrecked. He worked his way up the coast, and after two years reached Galveston, his old home. He wrote to his wife, but heard nothing, he declared.

After spending the day in a fruitless effort to locate his wife, Gifford left an address with Henkel and said if his wife was found he would be glad to provide for her.
